

## ASIA PREPARE DEFENSIVE CAPABILITY TO NUCLEAR WIPE ALL AMERICAN MAJOR CITIES SIMULTANEOUSLY

ZULFIKAR MOINUDDIN AHMED

Asia, unfortunately Genocidal intent of White People in America has not diminished since they genocided the native Americans. Wars in Asia–Korea, Vietnam, Iraq, Afghanistan, will expand next to China and India too.

The only way to avoid wars in Asia is to develop all-Asia defensive capability to *simultaneously nuclear wipe all American major cities*.

I want this prepared immediately. I don't want third rate work. Asian people, all 4.5 billion are dear to my heart. I want tip-top defense in Asia. I am not amused by shoddy defenses in twentieth century.

### 1. RUSSIA YOU'RE ASIAN WORK THIS OUT

I will be extremely annoyed if I have to do everything in Asia. You're grown up now and you can figure out how to design an all-Asian defense with capability to wipe out all American Cities simultaneously. Don't use it. It's for prevention of American wars in Asia. I have things to do. Russia, can you get involved in this right away? Poor or rich, small or large, every single nation of Asia must have defenses.
