

## THE BILL GATES LOGIC

ZULFIKAR MOINUDDIN AHMED

Bill Gates thinks whites are superior. He always had a dream of ruling the world. He has been working hard to destroy and kill me. My Four-Sphere Theory exceeds the genius of Albert Einstein and Erwin Schroedinger. Someone asks, "Bill Gates, why do you want to kill this one man whose genius outshone Albert Einstein?" He says he's white. He's white.

Ladies and Gentlemen, I am quite familiar with Bill Gates ways. He wants to literally murder all non-white people who have any talent. Why because "Whites are superior. Whites are superior."

That's the sort of man he is. This man did not deserve to live for two minutes after his mother gave birth to him. He could have easily been *aborted* and the world would have been better off. Why don't the American people get together and wipe out the snot-nosed little worthless cunt who is useless and was never any good and lied about his great talents?
