

ZULF ATTEMPTS TO ELUCIDATE THE COSTS OF MISTREATING ARCHANGELS TO WHITE AMERICAN GOVERNMENT OFFICIALS

ZULFIKAR MOINUDDIN AHMED

For more than a decade, I have been subject to abuse from my aunt, who owns this house, because I have not had earnings and she feels that she has the right to verbally abuse me every day. I had worked on many important projects. She does not care about any of it. She is money-oriented. I worked on Finance problems and D. E. Shaw & Co. benefitted. They are willing to give me \$120 million for my contributions to their business.

Bill Gates obstructed my earnings, and my mother is sick. I have given human race great gifts of Heaven. I have done so with disability income in Allen Texas with daily verbal abuse for a decade from my aunt.

Do you really think that you, the white people in American Government are prepared for the consequences of mistreating me, an Asian-American man, in my own country, helping destroy my life and American Dream, and not have any consequences to your lives?

You are 1.4 million. You have earnings that are respectable. What have you contributed for your earnings to the world exactly? Why would you not bring a racial murderer to justice against someone whose contributions to the world are substantial without any financial income at all? Don't you have any sense of the repercussions to your life?

This is an Angelic Race, the Human Race. I have lived in a million Angelic Worlds in the past. I know that the entire human race will be displeased with you. They will not respect you for this manner of your decisions. You have refused for more than a year to conform to United States Declaration of Independence Preamble to harm the interests of a man who has contributed to the well-being of the entire human race, and not bringing a racial murderer to justice while my mother is sick and needs money that is owed to me and you did not ensure I have access to my own earnings.

I am a little surprised at your lack of interest in your own well-being. People who do those things are in the end hated by the entire population of the world.

Do you still want to keep doing this?

You see I do not know Bill Gates from a can of tomato soup. I have never met him. I did not know a thing about him before about two or three years ago. But I have a contract with the United States Government. I blame you for my misfortunes, not Bill Gates. He is an Evil Demon. But what of your responsibilities. That is what is strange to me. Why would you do this to yourselves?

Look Angelic Races are in millions of planets in the universe. I did not exactly create them. They are part of nature. I don't have to ask the Human Race to

punish you for mistreating me. That's just the nature of Angelic Races. People react badly to those responsible for mistreating Archangels. This is nothing strange or new.

They might not punish you right away, but they will not be kind to you. You may think you have so much power to avoid all sorts of bad effects but you don't. The entire human race is Angelic. They will not be kind to you. You are awash in Angelic Race in your family, in your neighborhoods, everywhere.

Bill Gates is whoever he is but you are vulnerable to the world, and the world will judge you harshly. That's not going to be my doing.

I am just surprised that you take so much risks to fail to enforce laws of United States. I mean what exactly do you think you are doing in American Government at all if no law of the Republic is sacred to you, no moral issues are meaningful to you. Who are you exactly?

1. WHY MORALITY MATTERS A LOT

I was an Atheist from 1979-2006 roughly. That's a large part of my life. Yes, my faith developed only in the past 15 years. So you might say, well, this faith, how important is it? Why should we not compare it with big things, American World Order, American Business, Global Economy. You see, these characterisations of things, what is big, is based on not paying attention to the Human Race. The human race is an Angelic Race. Every human being on this planet, even the bad people, will be affected by a morally charged narrative that is credible to them. This is not an error. This is also not a guess. Individually, people will be affected by a moral narrative, and collectively, this has gigantic repercussions like a statistical mechanical phenomenon.

You, the White People in American Government, are only 1.4 million. When the entire world knows that I had been asking my own government for more than a year to arrange my legitimate income of \$620 million which is obstructed by Bill Gates, to secure my natural rights of Life, Liberty, and Pursuit of Happiness, to secure my American Dream, they will at first say, that is quite sad and American Government was not good. But in addition when they find that I had tirelessly worked on giving humanity the theoretical physics that was not possible for Hermann Weyl, Albert Einstein, and Erwin Schroedinger; when they find that I was abused by my aunt and my mother was sick, and I was unable to get my legitimate earnings, that I had exceeded Immanuel Kant and Friedrich Nietzsche to elucidate Universal Human Moral Nature, while you failed to enforce laws or conform to the US Declaration Preamble, then they will begin to not see you in a positive light at all.

2. THE FUNNY THING ABOUT BILL GATES REPEATING "I'M WHITE"

Bill Gates cannot compete with me in European culture at all. He might be white, but I am far more cultivated in European Civilisational norms in a deep way and he is a hick illiterate charlatan from Seattle. This is very amusing indeed. He does not know all that much about Western Civilisation, not even in his manners and language is he more cultivated in Western Civilisation than myself.

You know, Bill Gates, instead of having 'white supremacist' planning savage destructive evil harm, you should learn something about what is special about Western Civilisation. Why do you think you are more European than myself?

ZULF ATTEMPTS TO ELUCIDATE THE COSTS OF MISTREATING ARCHANGELS TO WHITE AMERICAN GOVERNMENT O

You're not. You're hick huckster without cultivation or taste who made some money.
