

# MY THEORY OF WHY BILL GATES LEFT HARVARD

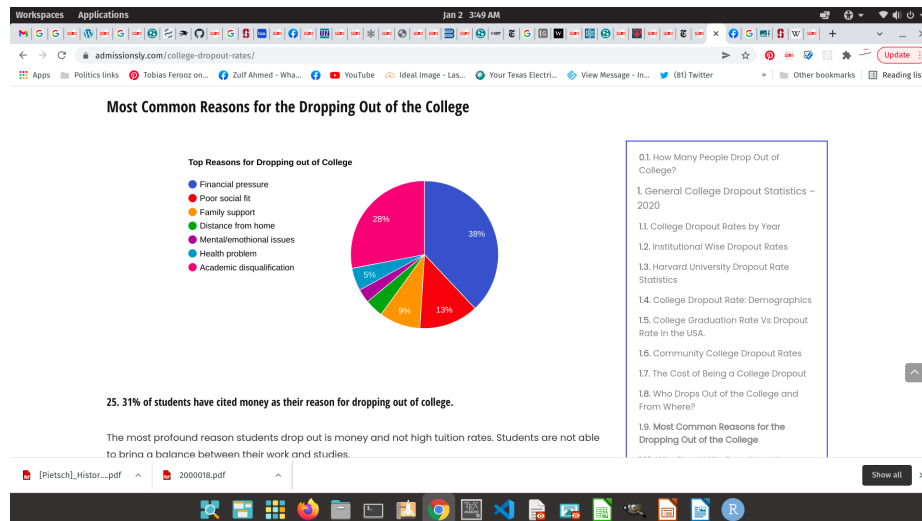

ZULFIKAR MOINUDDIN AHMED

There is a popular account of why Bill Gates left Harvard after two years. The Wikipedia entry says this: He scored 1590 out of 1600 on the Scholastic Aptitude Tests (SAT) and enrolled at Harvard College in the autumn of 1973.[42][43] He chose a pre-law major but took mathematics and graduate level computer science courses.[44] While at Harvard, he met fellow student Steve Ballmer. Gates left Harvard after two years while Ballmer stayed and graduated magna cum laude.

## 1. ZULF CLAIMS CHARLATAN

Zulf believes his SAT score was 1290 and he promoted 1590 for self-promotion. He has a tall tale about why he left Harvard after two years. My simple explanation is that he left because he was intellectually incapable of completing Harvard and he made a gigantic effort to sell some fake story of his great intellectual abilities. I think he is a hick illiterate who is intellectually mediocre. He dropped out of Harvard because he could not hack it and would have not graduated anyway because he's intellectually deficient.

## 2. COMPARE BILL GATES SELF-PROMOTING STORY WITH STATISTICS OF DROPOUT

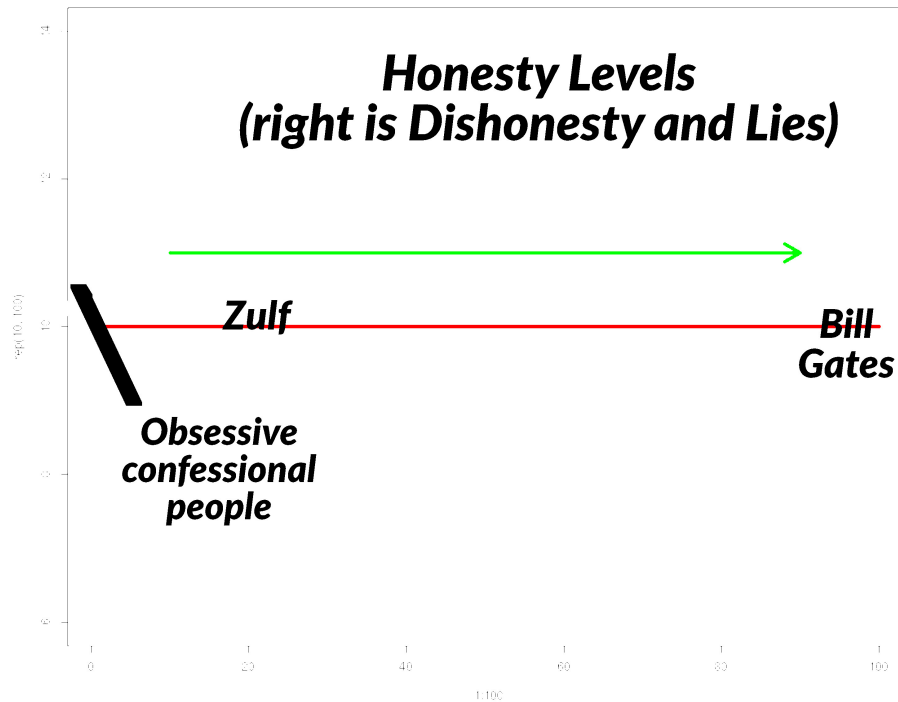

It is granted that Bill Gates made some third rate products, was a charlatan, bamboozled the world and huckstered his way to \$131 billion. But there is a discrepancy between the statistics of dropping out of college as you see from a reasonable site and Bill Gates story.

*Date:* January 2, 2022.

His story is that he was so good and so brilliant that he dropped out and did great things. That's advertisement. That's not credible. He says Hammurabi was white. That is more indicative of why he dropped out. He was a charlatan pretending to be particularly gifted genius. In reality he was not particularly good. He might have found the courses too challenging, didn't do all that well and decided that he could lie about his great genius to fool people and con and swindle them.

### 3. BRIEF COMPARISON OF HONESTY LEVELS

Bill Gates is a total charlatan pathological liar. He tells the whole world his favourite book is 'Enlightenment Now' of Pinker and is a racial murderer who says 'Natural Rights are claptrap.' I am so honest that unless that Woody Allen cat in *Annie Hall* became a real person who is continuously confessing about all sorts of things no one can even compete with me.
