

## INSTRUCTIONS TO JOHN ROBERTS AND LLOYD AUSTIN

ZULFIKAR MOINUDDIN AHMED

Lloyd Austin take leadership of putting together a special forces unit who are strongly loyal to US Declaration Preamble and Multi-Ethnic Republic and who will not blink and wipe out Bill Gates and his white rich backers without any problems. Your job is to use your entire experience to select men who can do this and not fail and not be corrupted.

Then I want you to take a backseat. You will have difficulties with the political fallout.

John Roberts I want you to take command of the units that Lloyd Austin will put together personally and then get some team in US Supreme Court to manage the execution of Bill Gates and his wealthy white backers.

You are white and Chief Justice so you can handle the aftermath better.

I want this done as soon as possible, gentlemen. Good luck and may the Light be you both.
