ZULFIKAR MOINUDDIN AHMED

You see, the World is fine with the Multi-Ethnic Classical Liberal Democratic Republic of America. The World loves that. The world loves the "We hold these truths to be self-evident, that all men are created equal, endowed by their Creator certain inalienable natural rights, that among these are Life, Liberty, and pursuit of Happiness, that governments are instituted by men to secure these rights." The World loves these because they right true. The World loves these because they are lofty and profound and harkens a greater and more harmonious Civilisation.

But are you *worthy* of being the 1.4 million white people in positions of authority in such a lofty enterprise? The World will want to know that you are not sham criminal murderers in a lofty ship. The World wants to know that you are not chimpanzees playing with the parts of a Lamborghini. Are you *worthy* of the great honour to serve in such an organisation? Or are in by some method or other and befriend the vilest, most brutal, most savage, most cruel, most evil, people on Earth and do their bidding and do not understand what a great honour you had to serve in a great organisation and sink the ship of American Government like the Titanic.

That's what the World will want to know when you are having deep heart to heart bond with one of the worst human beings ever born on Earth, *Bill Gates*.

And what choice will the World have but to extinct you, Whites in American Government? What choice will you give the World? The World cannot simply stand by and put all of Humanity in gravest of dangers, now, can it? The World has to hear the heart-song of eight billion people yearning to have a meaningful dignified life. What answer will you have for the World White People in American Government?
