

OPEN LETTER TO NATO DECEMBER 3 2021

ZULFIKAR MOINUDDIN AHMED

Dear NATO,

I have learned that Bill Gates has made massive investments in American War plans in Asia. I don't know details but I do know that they are illegal by United Nations Article 34 and other international laws to plan unprovoked aggression to disrupt international peace and security. How does NATO stand on this issue. Is NATO complicit in these international criminal activities, or does NATO deny knowledge of these developments within American Government?

Could you please respond directly to this. I am seeking but have not yet been given authority to represent the following nations with their consent for malfeasance against their interest at the United Nations Security Council: all nations of Asia-Pacific Group.

Afghanistan Kyrgyzstan Samoa Bahrain Lao People's Democratic Republic Saudi Arabia Bangladesh Lebanon Singapore Bhutan Malaysia Solomon Islands Brunei Darussalam Maldives Sri Lanka Cambodia Marshall Islands Syrian Arab Republic China Micronesia (Federated States of) Tajikistan Cyprus Mongolia Thailand Democratic People's Republic of Korea Myanmar Timor-Leste Fiji Nauru Tonga India Nepal Turkey Indonesia Oman Turkmenistan Iran (Islamic Republic of) Pakistan Tuvalu Iraq Palau United Arab Emirates Japan Papua New Guinea Uzbekistan Jordan Philippines Vanuatu Kazakhstan Qatar Viet Nam Kiribati Republic of Korea Yemen Kuwait

1. FINE I WANT A NEW ALLIANCE

I want a mutual defense alliance with France, Germany, England, Russia, China, and Japan, nixing NATO. Well NATO can stick around as a historical sort of dinosaur, but I want this other alliance. This is better for human race.

So you want to deny any involvement in American criminal war plans to disrupt peace and security in Asia. That's fine. Back off from America if you please, and don't get in my way and we'll be fine with each other. I don't get all suspicious without reason. Keep your record clean of Article 34 violations please.

2. THAT'S TRUE MY ORDINARY AND GEO POLITICAL SKILLS ARE MUCH BETTER THAN BILL GATES

But he is a master at power-murder of racial type and I have no skills at all in it. He ambushed me with US War meta harming my Body and destroyed my interior and ethnic meta altogether. So I have to retaliate and United States Government did not do a thing to secure my Natural Rights. I am then forced to use my talents to *change the world order* and use some of these *powers* to wipe him out. I have to use what I know. I don't know anything about funky meta murdering. I know

Date: December 3, 2021.

Geo and Ordinary Politics and I know other things. Now I expected American Government to kill him but they are apparently his friends and he put in billions into wars in Asia. A man has to do what a man has to do.

Thank you,

Zulfikar Moinuddin Ahmed
