

ASIAN AGENDA RECOMMENDATIONS JANUARY 24 2022

ZULFIKAR MOINUDDIN AHMED

Asian Agenda Recommendations by myself, even though I am Asian-American, I will outline and Asian Nations in United Nations can consider it for votes.

Top on the Asian Agenda ought to be absorbing Russia as an Asian Nation. Russia is Asian. Asian Nations ought to absorb Russia into Asia immediately.

Asian Agenda ought to be (a) totally dissolving NATO for Eurasian Defense Alliance, (b) prevention of expansion of American Military in Balkans and Eastern Europe for this will threaten Asian interests.

I am American, and although I have supported Democrats on a number of issues, I do not like their attitude towards Russia. United States of America is beset with racial problems, of which I am familiar for I am accosted by one of the victims of this. The racial butcher Bill Gates has accosted me and laid siege to my life without United States Government relief. Thus I know personally that the hidden agenda is not to protect Ukraine but to put troops into Ukraine to threaten wars in Asia. Joe Biden is doing a Trojan Horse which is fundamentally aimed to produce wars in Asia and not really to assist Ukraine. Ukraine is not the problem. The real problem always was and remains the Asian Manifest Destiny of America and Genocidal plans against Asia.

Asian Nations should immediately vote to induct Russia into Asia and plan Eurasian Defensive arrangements immediately.

I want Germany, France and Britain to abandon NATO and form Eurasian Defense with Russia, China and Japan right away.

Thank you,

Zulfikar Moinuddin Ahmed

1. LET ME SHOW YOU UKRAINE

As you can see, United States is deceiving Asians by claiming all sorts of problems in Ukraine from Russia and planning to threaten wars in all of Asia from a convenient location close to *China* and *India*. Bill Gates and his vile cronies have been testing meta powers to *Enslave* Asian-Americans like myself and claiming *White Conquest rights* which have been considered war crimes since Nuremberg.

Asia should put its foot down and deny any war threat from United States anywhere in Eurasia at all. The explicit talk is about threat of Russia, but we know the truth. Witness Hiroshima-Nagasaki; witness destructive Korean War; witness Vietnam War with burning of villages and total slaughter of men women and children in barbarism not since Deuteronomy; witness lies about Muslim terrorism for destruction of Iraq and devastation of Afghanistan. We must never allow another American sneaky war in Asia ever again!

2. UNITED STATES IS UNABLE TO VALUE NON-WHITE LIVES AT ALL

Despite the great and lofty United States Declaration of Independence, *never in history, at any moment* had United States of America been actually able to value non-white lives. For 250 years United States Government has killed and murdered and maimed and destroyed Native Americans, African Americans here at home, and continuously caused wars in Asia from 1945. This is the nature of the beast, and anyone who is seduced by American *rhetoric* in Asia is a fool. Asia invented Civilisation on this planet, never forget that, and Asians can maintain and further Civilisation that we granted Europe for Egypt was an Asian Civilisation from which

Hellenistic Greece learned. All of Asia must stand united against total end of all American Wars by duplicity and deceptive rhetoric of peace.

Prevent American war preparations in Asia at all costs my brothers and sisters. You cannot produce peace in the world if you do not understand how to read elementary history.
