

**ZULF HOLDS UNITED STATES GOVERNMENT RESPONSIBLE
FOR ALL HARM DONE TO ME FROM OCTOBER 2020 TO
NOVEMBER 15 2021**

ZULFIKAR MOINUDDIN AHMED

I have repeatedly asked United States Government to order seek and destroy on Bill Gates from October 2020. I can pull up public emails from early July 2021 that tells the US Government to relentlessly bomb Bill Gates and obliterate him physically. I do not understand why these evil criminals are not adequately handled by this incompetent United States Government. Obviously I will hold US Government in toto totally responsible for all harm that is due to malevolent criminal action of Bill Gates. They were responsible for securing my Natural Rights and American Dreams all along. So they have to take full responsibility for failure to do the easiest thing in the world for them. This will cost United States \$1-2 trillion at least.
