

PRECONDITION OF LOVE OF RAJA HALWANI: CARE ABOUT WELL-BEING AND FLOURISHING OF BELOVED

ZULFIKAR MOINUDDIN AHMED

I am considering this elementary issue that if you do not care about the well-being or flourishing of another then you do not love them.

This seems extremely valuable, because it is true, and for whatever reason, this is not well-known and well-understood universally.

For me, this is most intriguing because I can say without any reservations that I do have great love for my beloved people because I do care about the flourishing and well-being of the entire human population. That is quite pleasing to me. It makes me feel very proud of my greatness, that I sincerely do care about the well-being of my beloved people the human race.
