

BILL GATES LACK OF JUDGMENT IS INADEQUATE TO MANAGE A GAS STATION SEVEN-ELEVEN

ZULFIKAR MOINUDDIN AHMED

My aim in this note is to totally destroy Bill Gates reputation as a leader of American Industry. I will show you in this note that Bill Gates' lack of judgment, or more precisely his total ineptitude in having any leadership and decision-making judgment is so horribly poor that he is inadequate to manage a gas station Seven-Eleven let alone be given leadership roles in American Industry.

1. HIS TASK: ENSURE ZULF IS NOT CONSIDERED AMERICAN

Bill Gates, I can assure the reader with extremely certain knowledge, had the goal of ensuring Zulfikar Moinuddin Ahmed, is not American.

Now the truth is that I am American, and I have lived in American soil an American life from 1987. I went through the immigration process for Permanent Residency in 1997 in Buenos Aires, Argentina, and lived in New York from that point.

2. HOW A LEGITIMATE PERSON WOULD ANALYSE THE SITUATION

A rational person would, I submit, say, well the man has Permanent Residency so the United States will consider him American since his USCIS# 046-077-179 is their official designation and proof that he is American to the US Government.

I want him not to be considered American, so let me study a bit the procedures and principles that led them to decide he is American because I don't want that. Then he would find that Immigration Act of 1965 after long struggle of democratic politics in America led to this. Then he were rational he would estimate his chances of changing the immigration laws in order to dispossess Zulf of his American status. Then he would consider what campaign he could have with the American 330 million people that would lead to them pushing Congress to amend immigration laws, and once those are amended, Zulf would get the bad news that unfortunately new laws lead to his American-ness no longer being supported by US Government.

3. WHAT BILL GATES DID

What Bill Gates did instead of all the things in the last section is lie to some friends of his high up in US Executive Branch and tell them that I have forged papers. Then he asked CIA to kill me. Then he plotted murder and destruction using black magic and deny me my legitimate earnings in Finance and destroyed my career meta.

Date: November 10, 2021.

4. BILL GATES SHOWED LACK OF JUDGMENT

The actions Bill Gates took to accomplish his desired goal are all illegal, criminal, illegitimate, and shows such a frightening lack of good judgment that US Government is compelled to take action and remove him from all leadership positions in the US Industry altogether because such a criminal and illegitimate path to accomplishing desired goals shows that he is not even worthy of and adequately endowed in judgment to manage a small gas station Seven Eleven.

5. BILL GATES CLAIMS THAT AMERICAN WHITES ARE DISADVANTAGED BECAUSE OF NON-WHITES

American whites with valid work authorisation from the United States, which is granted without any procedures for whites born in America, have all opportunities for employment and business available in the American Economy. Bill Gates has mansions and yachts and \$131 billion in assets. What does Bill Gates know about what disadvantages any American, white or non-white faces in the Economy? He seems to have all sorts of opinions without any knowledge at all about what life in America is like for 330 million people who do not have yachts and mansions and \$131 billion in assets.

Where is his evidence that American whites are disadvantaged in the US Economy? It seems that whites are over-represented in senior executive level in all American corporations.
