

TO JOHN ROBERTS AND NORMAN SCHWARZKOPF REGARDING THE BILL GATES-IS-NEO POINT OF VIEW

ZULFIKAR MOINUDDIN AHMED

Bill Gates is Neo. One day he woke up and he followed the white rabbit to Morpheus. Morpheus tells him that what you believe is reality, Neo, is not the reality. You see this whole world around you with all the billions of people of all ethnicities walking around and living their lives and being nice to each other and working in the same companies, this vast eight billion people. Well if you take the *blue pill* you will go back to the world that is diverse and all sorts of people of all ethnicities are working together, etc. But if you take the *red pill* you see the truth. You will see past the holograms. You see, only the *White People* are the Master Race. But all the white people are asleep. The others are actually all fantasies, programs. They are slave programs that are all meant to serve the Master Race.

And then Neo gets unplugged with all manner of sockets sunk in a gooey substance and takes on the Matrix. It's the Matrix that makes all these non-white people believe that they are not mere *slave programs*. And he valiantly goes to war against the Matrix with some Trinity heroine.

Then he faces Norman Schwarzkopf and John Roberts. They look totally hologram-hologram. They have all sorts of Federal Government sunglasses and black suits. And they tell Neo that that they do not like these *anomalies*. He determines to unplug them from the Matrix.

1. ACTUAL DISCOVERY

John Roberts, with assistance from a Norman Schwarzkopf consider discovered that Zulfikar Moinuddin Ahmed's *Personal Finances* were damaged by Bill Gates. This is an important step because this ensures that Supreme Court knows with confidence that Bill Gates had criminal intent in engagement with Zulfikar Moinuddin Ahmed, and this validates the latters' demands to the United States Government for intervention against Bill Gates. In theory this ensures that the United States Government is assured that

- Bill Gates is actually a confirmed criminal
- Bill Gates has had nefarious intentions to damage Zulfikar Moinuddin Ahmed's Finances, and blockaded \$620 million of his legitimate private property by means that are most certainly in violation of US Law

This is still a far cry from Zulfikar Moinuddin Ahmed actually having \$620 million in my possession. But it is infinitely better than him holding a sign on the street corner about Bill Gates being a criminal which would be akin to a Jesus Freak out on the streets selling tickets to God and carrying a big sign with "The End Is Nigh".
