

EERIE SIMILARITY BETWEEN YITZHAK RABIN TERRORIST MURDERER AND BILL GATES' ATTEMPTED MURDER OF ZULF AHMED

ZULFIKAR MOINUDDIN AHMED

Harvard Biology is now aware clearly that Bill Gates has been extremely active in attempting to murder Zulfikar Moinuddin Ahmed. Bill Gates and the terrorist murderer of Yitzhak Rabin share a similarity. In both cases you have religious zealots murder a great man for religious zealous faith. In the case of Rabin's murderer it was a die-hard Zionism. In the case of Bill Gates is die-hard White Supremacy.

Now Zulf has survived in some ways the murder attempt but I am badly wounded. I have appealed to the United States Government numerous times to kill Bill Gates but US Government has been slow to respond.

I am infinitely more important than Bill Gates for America and the world, US Government. It is not just one or two successes: it is not just empirical vindication of Aristotle's Virtue Theory for the first time in 2500 years on concrete data from World Values Survey; it is not just for Four-Sphere Theory which is a success when both Albert Einstein and Hermann Weyl failed with numerous efforts for a unified field theory till 1955. Four-Sphere Theory is not just a successful classical field theory that accomplishes the goals of unified field theories in physics. It is absolute truth that overthrows Big Bang and Gravity and unifies realm of small scale to large scale simultaneously explaining the exact width of electron and the redshift slope. It is spectacularly deep and successful because it is simply the truth.

Bill Gates' efforts to murder me result from his faith in White Racial Supremacy as a zealot, much like Rabin's murderer. And so United States Government has to kill him dead.

For the convenience of the rational people on Earth, I show how Ethnicity does not have greater influence on Human Nature Moral Values than 6.5-9.5% of the variation. This is small and implies Racial Superiority theories have no merit. We knew for much of twentieth century, especially after the Second World War that Racial Supremacy Theories have no merit, as we fought against German Nazis who held to such views. But for many reasons; or perhaps for no reason at all, Bill Gates had gone off the rails and became a Racial Supremacist zealot who is obsessed with use of black magic that is forbidden, and cutting up people's eyes and harming their health.

He's a murderer and is a grave danger to hundreds of millions of Americans and cannot be kept alive and must be killed immediately.

1. SYNOPSIS OF WHERE I AM GOING

For some years I have been thinking about Uniqueness of Human Beings in Personality and in Genetic Code. I was the pioneer of extending the Briggs-Myers Personality Types from 16 to thousands using a rotation in \mathbf{R}^5 of the Big Five vector to a "Jung Transformed Space" and following a generalisation of the Briggs-Myers type division. This is a great innovation that removed the objections against Briggs-Myers types since the Big Five avoids many issues of statistical type and measurements are more valid. Using my types I actually proved the existence of Pseudo Soul Mates for most Personality Types, i.e. matching for Romantic Union with high probability of Marital and Relationship Success. This is the first result of this type that has ever existed in the world. It makes statistical assumptions of realistic type on a fit of World's Big Five with a multivariate Generalised Hyperbolic Distribution.

With this success we are quite sure we are on very solid ground for goods and services for all human beings that could arise as applications of Personality Psychology and Genetic Uniqueness and Neuroscience.

There are numerous ways in which the past five decades of work in multiple fields of Science leads to a more canonical understanding of our uniqueness in measurements and their applications will vastly improve the lives of 7.8 billion people from all continents of Earth. I intend to produce this improvement with my company Thyself Inc.
