

UNITED STATES GOVERNMENT WILL NOT LAST LONG IF I DIE BY BILL GATES BLACK MAGIC

ZULFIKAR MOINUDDIN AHMED

You see, United States of America is not a ten thousand year nation which is like Germany or France with slow national tribe that developed organically. It is a creation of Romantic Era based on principles and laws that were bright and shiny and new. It is the first nation that attempted to organise heterogeneous immigrants from various parts of the world, originally mostly Europeans, but eventually others from Asia, from Africa, from South America who became American.

The fundamental axiom of this Constitutional Republic are not hidden in the esoteric lost scrolls of the Library of Alexandria. They are clearly written down by the Founders. We hold these truths to be self-evident, that all men are created equal, endowed by their Creator, among which are Life, Liberty, and Pursuit of Happiness; that governments are instituted among men to secure these rights.

I am originally from Asia, and in Asia, the force of tradition has an organic quality of ancient heritage. You have to pour through the Upanishads in India to even understand what the damn principles are because the ancient Indians used words that are not very easy to interpret. No such difficulty ever arose for American Government. You can pull up US Declaration of Independence today by Google with uncorrupted fidelity.

Now if the United States Government wants to survive, they better stick with the text that everyone in the world understands. They can't pretend to seek respect of the world by deflection from the clear text claiming they cannot 'interpret' this simple text. Any ten year old with adequate reading comprehension skills can decipher the text and its meaning just fine, thank you very much. What they will have a hard time deciphering is why a lot of their hard earned money goes to give a good life to US Executive Branch pompous fools who cannot decipher the text as well as them.

There is only so much dodging and double-talk that they can employ when the whole world asks them to explain how they did not deduce their Constitutional mandate to secure Zulf's Natural Rights that included Life when it was threatened for a whole year.

1. WOE TO US EXECUTIVE HEAD HONCHOS IF I SHOULD PERISH NOW

Doctors will come from different cities. That's a good song. It's Natalie Merchant.

Doctors have come from distant cities
Just to see me
Stand over my bed
Disbelieving what they're seeing

Date: November 11, 2021.

They say I must be one of the wonders
 Of God's own creation
 And as far as they see they can offer
 No explanation
 Newspapers ask intimate questions
 Want confessions
 They reach into my head
 To steal the glory of my story
 They say I must be one of the wonders
 Of God's own creation
 And as far as they see they can offer
 No explanation
 Oou, I believe
 Fate smiled and destiny
 Laughed as she came to my cradle
 Know this child will be able
 Laughed as my body she lifted
 Know this child will be gifted
 With love, with patience and with faith
 She'll make her way
 She'll make her way
 People see me
 I'm a challenge to your balance
 I'm over your heads
 How I confound you and astound you
 To know I must be one of the wonders
 Of God's own creation
 And as far as you see you can offer me
 No explanation
 Oou, I believe
 Fate smiled and destiny
 Laughed as she came to my cradle
 Know this child will be able
 Laughed as she came to my mother
 Know this child will not suffer
 Laughed as my body she lifted
 Know this child will be gifted
 With love, with patience and with faith
 She'll make her way
 She'll make her way
 She'll make her way

It's a great song. I can just change the 'she' to 'he' and adopt it right away. Anyway, I was distracted for a while, but yes, if I die of natural causes, they will be able to overcome the hurdles, but now UN Security Council is involved, and I already told the world I am an Archangel, and I gave the world a new World Order. So the United States Government will not survive if they are found to have difficulties with the foundational texts and principles of the nation. They will be considered (a) incompetent to serve in government, (b) corrupt, and so on, and

UNITED STATES GOVERNMENT WILL NOT LAST LONG IF I DIE BY BILL GATES BLACK MAGIC

that will be that for their careers. No one will give a damn when they howl with indignation and protest their loyalty and so on. Who will care about fools who do not understand simple foundational texts of an organisation and get paid a lot of money to implement them?
