

OPEN LETTER TO JOHN ROBERTS NOVEMBER 24 2021

Dear John Roberts,

The White People of American Executive and Pentagon are so outrageously racist and ultra-Nazi in reality that they did nothing at all to enforce criminal law against the racial mass murderer Bill Gates for a year. Now you are surrounded by outrageously ultra-Nazi racists so your sense of equilibrium was sabotaged. So you made a good call, threatening to terminate American White People in Executive unless they enforced criminal law against Bill Gates. That's a wise and good Republic leadership putting you ahead of Ronald Reagan and others.

But it's relative, you see. You're like the Schindler character. I'll vote for a weepy movie or two with you are the leading protagonist. But you see, John Roberts, Schindler is not Mahatma Gandhi. Schindler is only good when Nazi butchers are doing their hack job.

You still messed up. US Executive Whites dropped all Bill Gates responsibility to Pentagon, and being ultra-Nazi racist sons of bitches, the Pentagon War Chiefs immediately began plotting my murder instead of using lethal military force to bomb and physically obliterate the malignant tumour of our nation, the most evil savage barbaric beast that would literally make Atilla the Hun blush, this so-called *Bill Gates* everything about whom is a lie.

So amend this and order immediate bombing and physical obliteration of Bill Gates. Do you still have some *napalm* around? Use that too.

Thank you, ZULFIKAR MOINUDDIN AHMED USCIS# 046-077-179
