

## FRANK AND OPEN LETTER TO EUROPE

ZULFIKAR MOINUDDIN AHMED

Look Europe, I like you. I had a wonderful Danish lover, Sine Jensen, years ago. She broke my heart but I love her still, as a friend. She's married now, with a child in Denmark. Don't bother her. By Europe, I mean primarily, Germany, France and England.

My faith is that I have been an Archangel in the Universe for billions of years, that I have lived a million lives in a million worlds before I was born to a Bengali couple in 1973. This is my faith just as some of yours is Christianity, and it is not your faith so you might not find it so familiar. It's not a communal faith. It's a private faith.

It's not familiar to you my faith, so let me tell you a bit about it. But the purpose of this note is not to explain my faith to you. It is to assure you that if you do not *assassinate Bill Gates* I will totally destroy all of European History, Civilisation, and Culture and wipe out Europe from existence. So it's not a pleasant message in this note. Now you might be surprised. You might say, "Why would you do that to us? We gave you a daughter of Denmark to you for a while. We were nice to you in London, Copenhagen, in Rome, in Nice, in Genova." That is a reasonable response but I don't appreciate German and English War meta harming my Deep Interior and I don't appreciate Hanover power to clot my blood that Bill Gates has applied to me. I will have some patience with you but it won't be infinite.

Now let me continue with my faith. You see my faith is that I had been on Earth once in the past, between 1180-1300, and I was an Englishman then. I was a boy when Richard the Lionheart died, and I served England loyally. So I do have some emotional attachment to England. I have some emotional attachment to Denmark too, from love affair from 1999-2002 roughly in America.

But alas, I am having difficulties with my health from enormous harm done to me by Bill Gates. And when Bill Gates uses German War meta and Hanover Power, and English War meta, and American War meta, while ostensibly I am an Asian-American, I am not very pleased with England and Germany. You see, we are Archangels, and we have to be just and good and virtuous, and we have to make the best decisions for the entire human race here.

Asia, please hold off on aggressive physical attacks on Bill Gates. I want Germany and England and France to assassinate Bill Gates.

I won't go into the details, but you have some limited time to show results, Germany, England and France. Whack Bill Gates. Do not harm his harem of young girls quite mature for their age. Do not touch Melinda Ann French and the Gates children. Just whack Bill Gates.

If you refuse, I will have to blame you for personal harm by use of German and English war meta to me. I am not merciful and kind if I believe it was your intention to harm me. We are Archangels. I won't go into long history of my life.

*Date:* December 5, 2021.

I did join Lucifer in the rebellion. That happened many million years ago. I have not been in touch with Lucifer for a very long time. I am not Lucifer. You should feel fortunate. Lucifer's patience is not as good as mine.

I will forgive you if you amend your ways Germany and England. But do not toy with an Archangel. We are quite serious.

### 1. I WILL ORDER DESTRUCTION OF WESTERN CIVILISATION

You see, you don't understand Archangels. We don't care about killing people and controlling land. I will order destruction of Museums, Universities, Cathedrals, Libraries, Holy Sites, Artist Collectives, and nuke major cities London, Paris, Rome, Berlin, and so on. What will you do. Western Civilisation will be history. The survivors will not be able to put it together. You'll be tragic savages.

### 2. FINE I WILL SHOW YOU THE PROBLEM

Western Civilisation developed differently than Asian Civilisation. West concentrated its cultural development differently and Asian Civilisation is more organic and sprawling. What happens when you—or United States begins a new war in Asia— and I retaliate with the following command:

- Do not worry about military centers. Just go through all cultural heritage treasures of Europe and systematically destroy them.
- Destroy all major Libraries and best Universities
- Destroy all Arts Collectives
- Don't worry about industrial or military assets at all
- Defend Asian Heritage Sites and Libraries and concentrate on preserving Asian Civilisation with all military otherwise

Within two decades Western Civilisation will have no deep culture and only industrial and military powers. Asia will be defensive and nice and apologetic afterward with profuse tears of contrition *even if they win*. You want to mess with an Archangel, Europe?

### 3. I AM QUITE IRRITATED AT THE INSOLENT USE OF ENGLISH AND GERMAN WAR META

You want to see the list of European Heritage Sites I will order totally destroyed? You can easily avoid this by assassinating Bill Gates. See this list [?]? Well I will order that every one of them is totally wiped out if (a) You do not assassinate Bill Gates, (b) You allow an American war to begin in Asia. Under those conditions, all the nice European Civilisational Heritage will be poof, gone. And Asia will unify and will not worry about military or industrial assets. What will you do? You will retain military and industrial assets but your most valuable things will be gone. You will degenerate to savagery in a century despite military and industrial strength. It's easy and cheap for Asia. Asia will defend its entire Continental Heritage sites and Universities and Libraries and make noble gestures to European people to study them and give them lectures on the heritage of Europe unfortunately lost from misunderstandings and swear to peace.

And then? Then what are you going to do?
