

WE SHOULD CONSIDER BLOODBATH SLAUGHTER OF ALL US GOVERNMENT OFFICIALS INFLUENCED BY BILL GATES AN OPTION

ZULFIKAR MOINUDDIN AHMED

Bill Gates is such a horrific malevolent evil racial supremacist influence on American Government. He is also deluded and believes Hammurabi was white and America won Vietnam War, etc.

We should consider bloodbath slaughter of all US Government Officials influenced by or supportive of Bill Gates a valid path forward to preserve the American Republic.

A mass execution turning the Potomac into a River of Blood is not necessarily a bad idea. The Nation will be rejuvenated with the Evil Corruption of Bill Gates permanently removed from the nations government.

1. HOW I KNOW THESE THINGS

In 2008 I lost my job at Babel Research, a small startup owned by Christopher Thorpe, and I had a loft in Williamsburg then and I decided to think about some important things. I then came up with the initial ideas of the highly successful Four-Sphere Theory that solved the problem of unity in macroscopic physics that neither Hermann Weyl nor Albert Einstein were able to resolve before their deaths in 1955. I had a rigorous mathematical physics that united microscopic and macroscopic physics and provided answers to many fundamental questions including *why is energy quantised in our universe? why are particles localised?*. There are many national labs today including Brookhaven who have been testing aspects of Four-Sphere Theory successfully. I worked this out between 2008 and 2018 without a penny from any government or any university at my aunt's house in Allen Texas. It was completely my work without any supervision by anyone at all.

Bill Gates got jealous when he found out and decided that he wanted to murder me by illicit means. This is even though I had helped him get returns on his money by recommending that he put his money with my Medium Frequency Alpha strategy that D. E. Shaw & Co. had begun trading.

Bill Gates is such a malevolent racial cunt that he denigrated my Finance work (while still earning money from it) and cut into my eyes with all manner of white supremacist racist slurs day and night, devastated my interior, used US War meta and US Industrial meta to try to murder me for a year and cause more problems every day including starving me of all funding pretending that he is doing a favour to America by harming me and trying to destroy me physically.

This sort of man ought to have been aborted before birth. He is like Sauron and Palpatine. He is so outrageously evil and malevolent and criminal that I do not believe that human race had ever given birth to a worse human being in the

entire four million year history of human race plus some primate ancestors. He is just plain bad, much more evil than these cartoon super-villains like Mumm-Ra the Everlasting or whatever.
