

**ZULF TAKES A DEPERSONALISED TONE TO EMPHASISE
THE GRAVE THREAT THAT AMERICAN GOVERNMENT
REPRESENTS FOR AMERICAN PEOPLE AND THE WORLD**

Ladies and Gentlemen of the Human Race,

Now I shall take a depersonalised and slightly *prosecutorial tone* and distance myself from the racial murderer Bill Gates and his designs on my life, liberty, pursuit of happiness and my American Dream.

As we distance ourselves from the murder-in-progress of Bill Gates the racial murderer and the victim Zulfikar Moinuddin Ahmed, we will see a grander scene, a clearer vision of the gravest of threats facing the world.

I will show you this vision of a grave threat as clearly as I am able. In order to do so, I shall put aside myself and Bill Gates and ask the more pertinent question: what can we all infer from this sordid episode in American life about the *nature of the American Government and its relationship to two groups of people*. I will divide up the world's people for this demonstration into two parts. One part will be 330 million *Americans*. The other part will be its complement in the 8 billion human beings.

Since American Government has done nothing to bring to justice a racial murderer who had been *known to have plotted murder more than a year ago* discovered by UN Human Rights Commission by consider of David E. Shaw, we can make some valid inferences.

- American Government – specifically 1.4 million white people in it – does not give two hoots about securing natural rights of 330 million American people
- American Government does not give even one hoot about securing natural rights of the rest of humanity

Now I remind you about the US Declaration of Independence Preamble, which is crucial since this is not guidance for what would be really nice but in fact fundamental charter for American Government.

For your convenience let me repeat it: We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.–That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.

What we are inferring, then, is that the American Government is deeply corrupt and does not actually conform to its charter in spirit or letter or in any other way. This is deeply alarming, for when an organisation has a written charter, and we discover that it does not conform to it, *we have very little ability to understand what exactly this organisation is doing at all*.

The World cannot tolerate an organisation with \$768 billion in funding that is allocated to war machinations out of reach of democratic control – which is the corruption of NSC-68 – and with known vast arsenal of chemical and biological

weapons of mass destruction that follows unknown principles that are impossible to understand and threatens the natural rights of Americans and the entire human race.

That is not acceptable at all, Ladies and Gentlemen. We cannot have organisations that do not follow any of the precepts of its public charter with vast destructive lethal powers who have killed

people by arbitrary extrajudicial murders in the past two decades alone in arbitrary parts of the world.

The World must demand a reckoning here. I, Archangel of Heaven, am deeply concerned for the well-being of my beloved people the human race.

I will hope that you, Ladies and Gentlemen, will carry the light of Heaven within all of you, and do this reckoning for a tired old Archangel.

Thank you,

Zulfikar Moinuddin Ahmed
