

BILL GATES IS SO UNCOOUTH HE DOES NOT UNDERSTAND HUMAN POLITICS AT ALL

ZULFIKAR MOINUDDIN AHMED

Look Bill Gates, you cannot dominate the world at all ok? Human Race is not moved by threat of punishment. The human heart responds only to love and trust that you represent their well-being. It does not respond to fear and threat of punishment. You cannot dominate human beings in the end, no matter how much military technology and power you can project. Do you understand?

This man Bill Gates is so unbelievably stupid it is just not even possible to understand.

Have you seen the difference in sons who are beat by their father regularly and those who are not? You will notice that the latter have respect and love and adoration for their fathers and are willing to listen to them. Why? Because they trust that he loves them and is genuinely interested in their best interests. They don't trust the abusive fathers. How stupid are you exactly?
