

ELEANOR ROOSEVELT WAS A GREAT AMERICAN LADY

I was quite impressed with Franklin Roosevelt because however you slice it Franklin Roosevelt was key to England giving up her colonies after the war. I don't like Harry Truman at all; he was a KKK goon. But I admire Franklin Roosevelt and his State Department gave rise to the United Nations.

Now Eleanor Roosevelt was a widow in 1948 and she worked with delegates from fifty nations to draft the UN Universal Declaration of Human Rights and that was ratified. This was the highest peak America had reached. She was a widow then. A remarkable and great lady. She changed the world without a doubt. Around 78% of world's people today have convictions regarding Natural Rights, and I among them.

My maternal grandmother was a widow from 1976 or 1977. She was a great poet a lovely woman. She took care of me when I was young, when my mom and dad had troubles and my mom wanted to pursue some career goals too. She wore white, the widow colour of her Islamic tradition. And she was respected. She had so many brothers, all loved her.

I have special reverence for widows. I think they have a special sort of dignity, one that a young woman does not. It's a thought that occurred from my grandmother. She was such a loving wise and warm person I do look for some of her qualities when I seek romantic partners.

Anyway, Eleanor Roosevelt was a great lady, and she is revered across the world. She gained a saintly glow after her husband died. Let me find a photograph to honour her.

You can hear her speech in [1].

This was the greatest moment for America in our entire history, where the principles originally thought up by John Locke, then expanded by Thomas Jefferson,

was refined by people of fifty countries under the leadership of Eleanor Roosevelt to form the foundation of post-World War II Civilisation.

She was a great lady. And she is a lady after my own heart, vast in her benevolence and driven to produce a civilised world.

1. TRANSCRIPT OF HER STATEMENT IN 1948

The future must see the broadening of human rights throughout the world. People who have glimpsed freedom will never be content until they have secured it for themselves. In a truest sense, human rights are a fundamental object of law and government in a just society. Human rights exist to the degree that they are respected by people in relations with each other and by governments in relations with their citizens.

2. ELEANOR ROOSEVELT ADVOCATED FOR NATURAL RIGHTS SECURITY FOR ALL PEOPLE OF ALL NATIONS

This is an obvious issue of course, except that illiterate hick racial types like Bill Gates have violated my Natural Rights and consider it his 'White Right' to do so. In other words, more than 70 years after UN Universal Declaration of Human Rights was promoted by Eleanor Roosevelt herself, we have ignorant undeducated barbaric criminals like Bill Gates who are plotting to sabotage Natural Rights of Americans like me right in the same country that gave much of the impetus for Natural Rights security for all people everywhere.

Why the United States Government would allow this criminal saboteur of all that is sacred and profound in America to even live is beyond my comprehension. He deserves to be slaughtered. Our government was created to secure American people from the clutches of these evil criminals as Bill Gates.

3. IT'S TRUE THAT I AM BEING POLITICAL BUT C'EST LA VIE

Look, Bill Gates cut up my eyes and harmed my interior and my health. He is a white supremacist. I do actually admire and revere Eleanor Roosevelt, and I am strongly in support of Natural Rights of Life, Liberty and Pursuit of Happiness for everyone on Earth, which is her position, so it is a great pleasure for me to be in agreement with a Great American, Eleanor Roosevelt, and strongly against a Traitor to United States, an ingrate, morally vacuous criminal, man whose virtues compare not with other people but with amphibians without moral emotions, a psychopath from birth and a man whose dreams are a dystopian nightmare for Earth, Bill Gates.

He will talk about Whites etc. Well Eleanor Roosevelt was white. That does not matter to me. She was a great soul; not many other white people can attain her greatness. Now Bill Gates is trapped because his response will involve Ethnicity, and mine will not because I don't give a flying fuck who is what ethnicity. I am a Great Genius, and I am definitely in agreement with Eleanor Roosevelt nonetheless. How will Bill Gates make our conflict Ethnic now? He will cut up my eyes and damage my mind and health using illicit black magic and stolen US military meta by exercising power against United States Law. And what will happen to United States Government if they allow him to do this?
