

## NEW CONTINENTAL PRIDE FOR ASIA

ZULFIKAR MOINUDDIN AHMED

Nationalism has produced some fervour in the past several centuries. It's good, but I will now introduce Asian Continentalist Sentiment and Pride. Eventually it will merge into Human Race Pride. But this is a stepping stone.

I want all Asian Nations promote Asian Continental Pride and cultivate Asian Continental identity. This will be valuable.

It's okay to do the "We're Persian. We're Persian. Ra. Ra." Or "We're Indian. We're Indian. Ra. Ra." And so on. But I want more "We're Asian. We're Asian. Ra. Ra."
