

ZULF IS PLEASED NOW ABOUT PENTAGON HAVING AUTHORISATION FOR USING MILITARY LETHAL FORCE

ZULFIKAR MOINUDDIN AHMED

I am *extremely pleased* that I was able to use my strategies of fear-mongering and threat of occupation of Washington, sending all US Executive Branch White People to Auschwitz and gassing them and other strategies that would terrorise and spread fear to any ordinary ethnic population until their risk became just big enough that they authorised use of lethal military force and washed their hands off Bill Gates altogether.

Now Bill Gates had inserted huge amounts of heavy industrial and war machinery and conquest and enslavement machinery in my deep interior to test out enslavement of Asians for a White Master Race World Order.

Now I am not absolutely certain whether Pentagon is part of the *Enemies of Liberty of the Human Race* or whether they are actually American in the sense of our Romantic Era foundations, of all men are created equal with Natural Rights of Life, Liberty and Pursuit of Happiness. They could be either, but there is very good possibility that they might just be quite unaware that Bill Gates has always been a dyed-in-the-wool criminal who believes that white people are immune and above the law and can violate death penalty worthy laws a thousand times a day and are immune to all American law.

The important thing is that they are actually going to demand that Bill Gates remove all the heavy industrial meta and war meta and blocks to money and his penile material in my sexual meta and all the horrible disgusting things he has been doing for being totally coddled by American Society for decades.

That's progress. They ought to threaten and warn for a while and relentlessly bomb him and obliterate him physically. United States Military is always better at shocking and awe-ing and not particularly good at winning any wars in Asia. But that's okay. They might actually do something here. No no, don't laugh. Ever since Second World War when they had a big head about not doing much except killing German Prisoners of War who surrendered and flying around while Russia won the land war against Germany, and making movies about how horrible Nazis were, they have been continuously invading Korea, and Vietnam, and Iraq and Afghanistan. After killing and shocking and awe-ing and making a lot of cinematic sequences of horrible wiping out various villages every man woman and child, they keep losing the wars.

Let's see how they can handle a pretty clear cut case: an American man in Allen Texas was harmed by a charlatan deceiver who has a Racial Order Plan. Go ahead. Go ahead Pentagon. Let's see what you have over here. If you impress Zulf that will be good. Impressing Zulf has great benefits.
