

LLOYD AUSTIN CAN YOU COURT MARTIAL EVERYONE IN PENTAGON WHO SUPPORTS BILL GATES?

ZULFIKAR MOINUDDIN AHMED

Seize the day, Lloyd Austin. Just pull your Defense Secretary position rank and Court Martial all supporters of Bill Gates and his wealthy white backers in Pentagon immediately. Charge them with failure to comply with US Declaration Preamble citing danger to 40% non-white Americans' Natural Rights threatened by Bill Gates White Master Race Project. Cite concrete case of Zulfikar Moinuddin Ahmed, USCIS# 046-077-179 in your official order.

1. REMEMBER LLOYD AUSTIN YOU ARE NO LONGER GENERAL

You are no longer General. You are a *Republic Leader*. For a Republic leader, all sorts of ethnicity rubbish does not matter. What matters is preservation of the Republic. Do not worry about who is a white person and who is not. Coldly evict all Bill Gates sympathisers from Pentagon, and let other Departments handle their sob stories and pension etc. Soft kind heart is meant for other situations. You must preserve and *believe* in the Multi-Ethnic Classical Liberal Democratic Republic and act as its preserver. Don't get side-tracked by social justice issues and condition of the black man. The condition of the black man will not improve by any *pity*. Show no pity Lloyd Austin. Focus on the threat: Bill Gates and the *Enemies of Liberty of the Human Race* are predatory and ruthless and can commandeer part of the Pentagon. Do not allow him an inch. Get rid of all possible vulnerabilities immediately and with extreme prejudice.

2. HELPFUL RHETORIC

For two and a half centuries, our great Republic had been the beacon of Liberty for the world, the only republic which is founded on all men are created equal with Natural Rights. We have struggled at times to fulfill this great vision, and we have triumphed time after time to overcome great odds. And time has come again that we face a grave threat to our Republic, our Republic with Liberty and Justice for all. Dark forces of injustice arise now in the distant horizon, and with these the specter of dark forebodings, of strife, of fear, of deceit, the enemies of Republic. We must preserve the Pentagon from this threat of corruption. We must evict all potential supporters of Bill Gates and hold them accountable for their loyalty to our Constitutional promise to the American People, for all people, for we are the wardens of this Republic, and our duty is inviolate.
