

YET ANOTHER REASON THE LITTLE CUNT BILL GATES OUGHT TO BE BOMBED TO OBLITERATION AND WIPED OUT

ZULFIKAR MOINUDDIN AHMED

Bill Gates blockaded legitimate income of \$ 120 million while my mom is sick and dying in Bengal and I want to get together with Darina and get out of having to deal with my abusive aunt in whose house I've been staying for 12 years. I could easily have gotten my money from D. E. Shaw & Co. almost a year ago and gotten back on my feet, got me a nice pad, invited my girl from St. Petersburg to San Francisco, set up my show Thyself Inc. with good hires, etc.

Instead what happens? All last night Bill Gates plays a morality play where he wants to test my morality versus Sir Simon Donaldson's.

So, instead of paying me for my legitimate great works in Medium Frequency Strategy where he put in \$2 billion, the stupid little slimy son of a bitch, the cock sucking mother fucker, literally does some stupid brain dead morality play not letting me have a night's rest, disturbing people in England, instead of understanding that the World Values Survey has *statistical* data that is more valuable than testing anything with me and some other bloke not letting me have a good night's rest.

I won't repeat the above. Obviously this cock sucking mother fucking little slimy son of a bitch, this rotten cunt, deserves to be rubbed out with relentless bombing. As a matter of fact, he above all other mother fucking cock sucking son of a bitch needs much more cruel and unusual punishment for what he did to me.

1. JUNE 10 2021 FBI DISCOVERS BILL GATES USED 13TH CENTURY EUROPEAN DARK MAGICAL FORCE IN MY EYES

FBI did an investigation and found that Bill Gates had used enormous amounts of toxic and deadly Dark Magical Force against me and thought this was White Power. In fact it is extremely toxic and stickier than Jewish Power. My health has deteriorated significantly since Bill Gates' activities. FBI has found that Bill Gates had crossed Death Penalty levels for use of Dark Magical Force both by English and American Standards. I am an American, and this is a severe breach of my Natural Rights, and I am getting very sick and tired of United States Government making exceptions for this Malevolent Evil Criminal Bill Gates against my interests. Even if I were not far more valuable to America than Bill Gates, which I am, he still needs to be put to Death by American Authorities for crimes of his against me. Every other possibility will lead to the disintegration of the United States of America eventually.

FBI says that Marines and Navy consider me to be American, which is good, and I certainly am American in the strong sense of faith and trust in the value of securing Natural Rights of my Beloved People the Human Race.
