

**ZULF ACCUSES UNITED STATES GOVERNMENT WHITE
PEOPLE OF INTENTIONAL AND INSCRUTIBLE
MALEVOLENCE AND DESTRUCTIVE INTENT TOWARDS MY
LIFE**

ZULFIKAR MOINUDDIN AHMED

United States Government White People, approximately 1.4 million I accuse of intentional malevolent destructive intent towards myself. It's inscrutable because I never harmed the United States Government White People at all, but they allowed Bill Gates not just to harm every aspect of my life, deny me my legitimate professional earning of \$620 million from Finance, destroy my American Dream totally, but in addition allow Bill Gates to harm my health. Now they can claim ignorance and protest their innocence all they like, but in fact this is a clear straightforward issue. If a group of policemen stand by and allow a murderer to mangle and destroy and kill a man right in front of them and don't arrest or do anything at all but instead esteem the murderer, then it is clearly the policemen's intent to kill the victim. And in the exact same way, the 1.4 million American Government White People are *obviously* guilty of malevolent destructive intent to harm me, an American who is not just productive and have law-abiding but an immortal genius.

I am not very nice to parties that have intentional malevolent destructive intent towards me that are proven. They have to pay for the harm they had intentionally and malevolently inflicted on me, and they will have to pay will *great cost* that will satisfy me. I do not let these things go. I don't believe the world is served when people simply accept intentional criminal malevolent harm without any reason whatsoever.

You see, it would be one thing if I had found all the American Government White People's daughters, stalked them and raped them and then they collectively decided to destroy my life in vendetta for their daughters' honour. I never touched their daughters, never raped them, nothing. The amount of harm they had inflicted, via the racial murderer Bill Gates is more than would be justified if I had violated every one of their daughters sexually. Now that is very strange. We have a very strange organisation that is the White People in American Government. They randomly and without any reason or cause that I can fathom decide to intentionally cause great harm to my life.

Not only do they do this, they do this against *all their published laws and international laws*. So I submit to the world that the White People In American Government are an illegitimate and extremely dangerous organisation, and we must protect the human race from their further malevolent and inscrutable actions. They have been known to behave this way with destruction and genocide of the native Americans in the nineteenth century, enslavement of black people and Atlantic slave trade, and for a century unprovoked wars based on deceptive self-sabotage

(including past two decades). The world cannot rest until we have some civilised behaviour from this criminal organisation. We must keep our beloved people safe from these sorts of harmful organisations.

1. EXCUSES OF WHITE PEOPLE IN AMERICAN GOVERNMENT ARE WORTHLESS

Bill Gates is a known racial murderer from 1970s. Who cares what their excuses are? They ought to have killed him long before November 4 2020. Their excuses are worthless to me. They have to be considered guilty of intentional malevolence and premeditated plot to destroy my Life, Liberty, pursuit of Happiness, and my American Dream with the deception that a man they were quite familiar conducted racial murders, Bill Gates, was somehow not their instrument. Their rather transparent ploy at pretense of innocence would not fool anyone. Even a five year old child fibbing would do better than them.

2. ZULF FORMULATES NEW THEORY

My new theory is that White People In United States Government were jealous of me and always wanted to destroy me from the first moment they lay their eyes on me, which would be 1986 when I was 12, and formulated Classified Plans to destroy me when I reached 48 years of age. Then they executed their classified plans using their instrument Bill Gates who is a horrific racial murderer. This theory would be that White People of United States Government tracked me all these decades looking for their opportunity to destroy my Life, Liberty, pursuit of Happiness and American Dream for 35 years and pulled the trigger the moment I had Finance results that were worth \$120 million and triggered their instrument Bill Gates to do the dastardly deed so they could proclaim plausible deniability. I even was monitored by FBI so I know that they've been monitoring and tracking me for all my life. The motive is jealousy. They were always jealous of me. That's the motive.
