

SUICIDES AFTER BILL GATES POWER CONSIDERS ARE MURDERS BY BILL GATES

ZULFIKAR MOINUDDIN AHMED

Bill Gates routinely brags about how his power considers have induced suicides. Since he uses black magic from the 13th century and other illegitimate powers such as a huge amount of corrosive US Military and German War meta in my deep interior, since he is known to have plotted to destroy and kill me, and since US Government knows that Bill Gates power considers of me had significantly reduced my resilience to environmental stress, and since Bill Gates blockaded my legitimate earnings of \$120 mn from D. E. Shaw & Co. and \$500 mn from ECB and Madam Lagarde, significantly producing horrible conditions where my aunt and others are denigrating me daily and mistreating me which I would avoid easily if I had access to my own legitimate income from D. E. Shaw & Co. and my gift from Christine Lagarde, I would like the US Law and UN Security Council to consider my death in case of suicide to be due to a successful murder by Bill Gates.
