

ZULF APPROVES OF UN HUMAN RIGHTS CONSIDER OF ALL WHITE LAW

Zulf is quite pleased that UN Human Rights is now considering all White Law because we cannot allow these malevolent crooks, murderers and criminals like Bill Gates to use 'White Law' to harm non-white Americans claiming all sorts of 'White Right'. It is high time that United States White Law merge with United States Multi-Ethnic Classical Liberal Democratic Republic Law. US was never ever an Ethnocracy, and it is a travesty that these ethnocentric criminals are all using 'White Rights' to commit crimes against United States Law.
