

**LOOK QUEEN ELIZABETH IF ENGLISH WOMEN DO NOT  
RESPECT BENGALI MEN FOR ROMANTIC RELATIONSHIPS  
AND FEEL SUPERIOR WHY IS THIS A PROBLEM? I WILL  
REJECT THEM BEFORE GET GO**

ZULFIKAR MOINUDDIN AHMED

Queen Elizabeth, you say English women feel superior to Bengali men and don't want to have romantic relations with them. That's good. It means they don't need to have any romantic relations with me at all. Why in Heaven's name would I even allow a woman who is disrespectful thousand yards within my private life? Let them find someone they respect. I am not offended. Neither do I give a damn. I don't have romantic relationships with women who are condescending to me. Besides, I am an immortal genius and they are not. Why do I care what their subjective evaluations are? That's their business. I'll sue them to Timbuktu if they cause me professional distress. I don't tolerate disrespectful people.

**1. IT'S OBVIOUS IN CASE ALL INDIAN WOMEN FELT SUPERIOR TO ALL  
ENGLISH MEN**

If all Indian women felt superior to all English men, then English men would stay away from allowing Indian women in their love life. This is universal. Men should never allow disrespectful women in their love life period. It does not matter if they are sexually or otherwise attractive. They are *poison*.
