

BILL GATES MUST BE BROUGHT TO JUSTICE FOR SYSTEMATIC USE OF BLACK MAGIC

ZULFIKAR MOINUDDIN AHMED

Black Magic is quite real when employed by people with power. It is used in meta, which has affects on the body and career and lives of people. Bill Gates not only uses black magic, but he uses black magic all the time.

The major problem of black magic is that it is specifically power to harm people's physical body and health. Bill Gates uses black magic and US War Power and US Industrial Power mostly against non-white people – both in America and elsewhere.

He uses black magic that is forbidden from thirteenth century in Europe. He has destructively used black magic against me personally from before November 4 2020 when he was so destructive that the Royal Menders of English Queen discovered that he would have killed any Bengali man by their estimate.

These are extremely murderous and criminal and evil things, and he ought to be taken and slaughtered, burned at the stake for them. He has no *positive value* to America or the world and only has *extremely negative value*.

Use of black magic is always a deliberate criminal act and violates the victim's *Natural Rights* of Life, Liberty, and Pursuit of Happiness.

Bill Gates is an evil criminal and the world will be much better off if he is brutally slaughtered for his life in murder and savage brutal crimes. He is worthless and a total charlatan and American people will breathe in relief when he is slaughtered and burned at the stake.
