

**LOOK WHITE PEOPLE IN AMERICAN GOVERNMENT YOUR
HOLY ROMAN EMPIRE WILL NOT WITHSTAND EVEN A
YEAR IF YOU DON'T SECURE MY NATURAL RIGHTS LIFE,
LIBERTY, AMERICAN DREAM**

ZULFIKAR MOINUDDIN AHMED

You, the White People of American Government, are deluded if you think that your Holy Roman Empire will stand for even two more years unless you secure my American Dream – get my \$620 million earning from Finance to me – and secure my Life and Liberty by killing Bill Gates. If you don't do those things, I'll tell you how I will poof your Holy Roman Empire.

Let's look at the reality. In 7.8 billion on Earth, only 0.78 billion are white. The moment you are unwilling to secure non-white natural rights of a non-white American, I can take the rest of the 7 billion from you. I can easily sing dance and propaganda that you mean all 7 billion harm. This will then put you in a tough situation because you cannot control population without trust. You are stupid, and you try to do that, but you lost in Afghanistan. Who the hell would lose in Afghanistan but idiots? You produced distrust among the people there. You have a lot of jet fighters but you're not very good at this game.

The moment I convince 7 billion non-whites on Earth that none of them ought to trust you at all and you mean them harm because you're racial haters with genocidal tendencies and show them what American whites did to native Americans, enslavement of blacks, patterns of Asian wars Korea, Vietnam, Iraq, and Afghanistan, you will have some difficulties, and then precipitous collapse when there is a Eurasian pushback with United Nations international law. And domestic turmoil with 40 percent Americans becoming extremely fearful of oppression.

You want to play with me little kiddos, go ahead, make Zulf's day. I am an Archangel of Heaven, you stupid fucks. I have dealt with more worlds than your NSA computers can even tabulate.

1. I WILL TELL THE WHOLE NON-WHITE WORLD TO EXAMINE WHO I AM

Look American Government, I have great introduction to who I am. Do you think any non-white person will consider your reluctance to secure my natural rights in America a year after Bill Gates did enough harm to kill any Bengali man and you still don't kill him as any sign that your ulterior motive can be anything other than American White racial dominance in the next phase of world order? No one will believe that after your destruction in the Middle East based on lies about Muslim hijackers on September 11 2001. People are not as dumb as you think. You are deluded in your hopes that you will fool people, bomb non-whites and kill people and rule the world by force.

Date: December 8, 2021.

This is the end for you, Holy Roman Empire. It's countdown to total collapse. You can 'pivot to Asia' or 'pivot to the Dark Side of the Moon' and change to 'Great Power Rivalry'. But it's much simpler. You want American White People to have dominant power over the world and you want to do this hiding behind United Nations international laws you *never* intended to honour.

Well, I am Zulf. I see through your little farce, and your game is over. If Bill Gates lives you can kiss Holy Roman Empire goodbye forever.
