

BILL GATES REVEALS IN META HIS CONTINUING DESIRE TO KILL ZULF

Bill Gates on August 10 2021 revealed to the US Government his continuing desire to continue to take actions to kill myself, Zulf. I consider it the obligation and duty of the United States Government to secure my Natural Rights and totally wipe out Bill Gates from existence. I won't go into how disappointed I am that such a murderous vile criminal had not been eliminated before by the United States Government. Bill Gates operates by meta power and not by ordinary physical means, and this makes his dangers a thousand times potent than ordinary physical world murderers.

I would like the world to know that if I am found dead at some point, of apparent health concerns, it is most certainly murder by Bill Gates and I would like the International Community to respond by completely dissolving the United States Government which will have, by then proven itself incapable of fulfilling its fundamental purpose, and replace it by a UN-Administered Government that is able to be founded on security of Natural Rights of Americans. The world cannot tolerate a failed state in the United States since the US Government is in possession of massive amounts of weapons of mass destruction. Therefore this issue is extremely central to the affairs of the human race. Criminal murderers like Bill Gates with projects to produce dystopian world orders based on ethnic supremacy and slavery cannot be given freedom to continue with their destruction and murders.
