

BILL GATES IS EMPLOYING AMERICAN PEOPLE IN COMPANIES TO HARM AND KILL ME

ZULFIKAR MOINUDDIN AHMED

I do not understand this at all. I am in Allen TX. Why is United States Government not slaughtering Bill Gates when he is employing American people to harm and kill me?

I am just profoundly disturbed by this, that this nation, bounded by great men who wrote a charter in 1776 that governments are instituted to secure natural rights, in a mere 245 years allow and collude with racial murderers with industrial murder operation of an American man without any effort to secure my natural rights at all.

Why don't they just let Eurasian powers kill Bill Gates. He's not worth diddly squat compared to me United States Government. I am infinitely superior to him and you should have killed him decades ago. Why are you doing this to me? How corrupt and evil are you anyway? It's just totally outrageous. Why don't you just relentlessly bomb Bill Gates and just physically obliterate him?
