

OPEN CHALLENGE TO DEATH STRUGGLE TO BILL GATES AND SOME ANALYSIS

ZULFIKAR MOINUDDIN AHMED

It was on November 9 2021 that I made an open death struggle challenge to Bill Gates informing the US Supreme Court of the challenge.

1. THE CHALLENGE LETTER

OPEN LETTER OF NOVEMBER 9 2021 TO BILL GATES November 9, 2021
Bill Gates,

You are now challenged by Zulfikar Moinuddin Ahmed. En Garde! This is a serious life and death contest. You will need your entire fortune of \$130 billion to defend yourself. May the best man be victorious.

I will do my propaganda with the purpose of destroying your reputation and making you the target of mockery and spite of the peoples of the world without any resources to make the contest fair. I think you are too weak if I use resources. But it won't be easy. You will be Bin Laden and will need resources to protect your reputation. Maybe marry a few women to keep you company. I am not a woman and do not use Poison to kill my opponents.

Thank you, ZULFIKAR MOINUDDIN AHMED USCIS# 046-077-179

2. THE MYSTERY OF AMERICAN WHITE WORSHIP OF BILL GATES

Then I sent United Nations the following letter. With little resources and not much time before Bill Gates starving of all my income and use of hard meta in my eyes and black magic left me little choice but to analyse the situation. I had to survive, and I was quite ready to do a bit of investigation into the peculiar phenomena of White American Worship of Bill Gates.

ZULF MARKS AMERICAN WHITE PEOPLE'S WORSHIP AND FASCINATION WITH BILL GATES AS MYSTERIOUS

Dear World,

I am a world class scientific genius, and I have verified the American White people's worship and fascination with Bill Gates to be mysterious Natural Phenomena that requires explanation. I do not accept the standard explanation that his \$131 billion net worth is sufficient to explain the sort of 'his shit don't smell' attitude that many American White People have towards him. And his shit smells pretty bad to me. In fact, being a non-white American I can assure all my white compatriots that I am totally physically disgusted by him because I cannot even stand the thought of respecting anyone who carries a jar of human feces in public right in front of the world at all because my natural senses do have disgust reaction to human feces that is for evolutionary adaptation for protection of disease. But for some mysterious reason, it does not bother American White Worshipers of Bill

Date: November 9, 2021.

Gates. I will mark it as a strange and fascinating natural phenomena that compels curiosity.

Thank you, ZULFIKAR MOINUDDIN AHMED USCIS# 046-077-179

3. POSSIBLE EXPLANATIONS

It was clear that if I could not persuade White Americans that I am the better man than Bill Gates, I would face death and destruction of my life, and so I embarked on the quest to unravel the mystery of this phenomena. I was immediately convinced that it was not easy to explain just by wealth. Some of my American White friends had been of the opinion that American culture worships money more than others, and makes divinity out of the well off people. That is not a compelling explanation. I had little time to prepare. I had identified this nefarious villain as an Evil Sorcerer and I thought that perhaps it would be some special qualities of his self-promotion that contained the secrets of his success with American White people. I sought to compete with Bill Gates in American Society and time was quite limited. With no resources at all, and living in my aunt's house, and my \$620 million totally obstructed by Bill Gates while the US Government goading him on to kill me, I had to have a cool head and engage with the difficulties with Endurance, Patience, and Wisdom. I was certain that I was far superior as a noble and great gentleman, but the American White People are obviously not compelled to agree with my self-assessment. So I had to think. And so I thought.

4. CLEAR DECISION TO PUT MONEY MATTERS ASIDE

Bill Gates had been able to evade ECB and D. E. Shaw & Co. and US laws and international laws to blockade my legitimate private property of \$620 million in America. I can deduce that there will not be any possibility of earning any money at all now from any source at all till I win the contest of death struggle with Bill Gates. My Natural Rights of Life is directly threatened till he is dead. This is in one sense rather unfortunate because American Government should have intervened to allow me to enjoy my success through my own efforts in the American Dream. But I am not too perturbed. I have no deep feelings of failure in earning money and succeeding financially even though I will live the squalid life of a vagrant in the world. I will be facing verbal abuse and humiliation by my aunt who is not aware of my struggles at all because she is not a high power woman and we are not close. This is what requires Wisdom and Endurance.

I have asked Madam Lagarde and Janet Yellen to ensure that I have my money delivered through my Wells Fargo credit card. But they have not succeeded in overcoming Bill Gates power blockade. The US Government Executive Head Honchos have supported Bill Gates instead of ensuring security of my Natural Rights.

One positive thing is that I do not have to worry about money at all. Either my money arrives or I have no alternative at all now to seek any legitimate income in America now. Some might consider this intolerable but I have channelled my energy instead towards a Natural Rights World Order in United Nations Security Council, having put in efforts with Global Finance, US Government, and asked for employment with UN Security Council as a Special Attache since it is clear that ordinary jobs at American Corporations can be easily sabotaged by Bill Gates power.

5. LETTER TO US SUPREME COURT 7:56 PM

NEED EMERGENCY UNCONSTITUTIONAL ON "WHITE ORIENTED

Dear Supreme Court,

Please declare "White Oriented" in all US Govt Senior levels Unconstitutional immediately.

<https://inference-researchllc.com/blog/zulf-seeks-white-oriented-in-us-govt-unconstitutional/>

My time is quite limited. Do this immediately please. The 330 million American people are not served with this sort of situation in a Multi-Ethnic Democratic Republic with 40% nonwhites and it has harmed me profoundly.

Thank you, ZULFIKAR MOINUDDIN AHMED USCIS# 046-077-179

I have to think here. I'm going to run out of time and this is a difficult problem after all. I will think and relax a bit now. I don't have any control over what John Roberts and others will decide about this issue, or indeed if they will consider it seriously. Then of course I will have to send this out again to UN Security Council so they are aware of the Natural Rights situation in America for non-whites with natural bias of all these "White Oriented" people in American Government. I am not really a fan of the "Critical Race Theory" that some of the progressives are excited about in America. I am more of the "US Government is illegitimate and corrupt till Supreme Court cleans out nonsense in the government" camp.

6. ZULF BELIEVES THE KEY TO DESTROYING BILL GATES IS HUMAN FECES

I am formulating a plan to destroy Bill Gates based on evolutionary affective mechanisms that are part of our universal human nature. *Disgust* evolved over millions of years in Homo Sapiens as natural protections to harm to health. In particular, all human beings on Earth have an extremely natural disgust for human feces and I have the hypothesis that it is almost impossible to evade so deep in evolutionary history is the root of this basic instinct for survival. At more sophisticated levels we find abstract things disgusting. And I suspect that all religious interest in purity and cleanliness evolved from a sharp sense that *distance from what is disgusting* is more holy and divine.

At 8:40 AM I will then bet that all human beings of all ethnicities including American Whites who adore and worship Bill Gates can be disgusted away from their attraction to him.

Let me show a photograph here.

I better show a picture of myself which is a contrast that has no fecal matter at all. I assure the world that I am quite clean in my distance from fecal matter – even when I was homeless in New York I found Starbucks and stood in line to use restrooms when I needed to do number two as some say.

I promise the world with my word that I will never carry around a jar of feces to the public in my life and I am quite normal and find feces just absolutely disgusting. Now when I was a young boy and my late sister was a baby, I did clean her poop sometimes to help out my mom who was overwhelmed, but I am quite sanitary and I never liked poop and found it always disgusting.

The concept of disgust versus divine is one that I think could be a powerful principle in destroying Bill Gates. Of course no war to death can rely on a single principle and always have to be multi-faceted, but I think there is substantial value

in this spectrum from extreme disgust and extreme divinity that I wish to employ against Bill Gates. What I like about it is its universal nature and evolutionary depth in human history. The universality of this principle ought to be quite a bit more powerful than his "whites are superior" approach whose evolutionary history is a mere 8500 years according to scientific consensus. I cannot use weaker tools for propaganda than he is employing.

7. SECOND PRINCIPLE: LAWLESSNESS OF BILL GATES

I just formulated the second principle to totally destroy and obliterate Bill Gates beyond the *disgust principle*. And that is the *Lawlessness Principle*. Let us see. Here I do have several infractions. I have two cases of minor shoplifting, from 1995 and 2008 both in New York. I shoplifted a Cadbury chocolate bar from the 110th street supermarket when I lived on 113th Street between Amsterdam Avenue and Broadway. Then when I was homeless in downtown New York I shoplifted a pack of tarot cards from Barnes & Nobles Bookstore on 5th Avenue and 18th Street. Neither were detected but I never stole again at all and had developed a guilty conscience so severe that I don't even touch very often anyone else's material property at all. Then I slept after hours at a Park in East or West Village and got picked up and jailed in 2008. Other than that my record is clean.

Bill Gates, in contrast does not recognise the authority of United States Government at all and considers himself the unaccountable Tyranical Monarch of United States. He is a classical outlaw, and instead of following laws of our Republic he concocts severely illegitimate and illegal principles without any knowledge of Democratic politics and attempts to *establish* them. One could, some tens of thousands of years ago, consider these bold visionary ideas of a war chief. But today, it is simply lawlessness because he has not hesitated to gain wealth taking advantage of the protections granted by the laws of the United States of America. These laws allowed him not to be beaten to a pulp, have all his bones broken, and his body burned at the stake which is what he would deserve in any country that does not privilege criminals – i.e. any other country of the world.

Here my advantage is overwhelming because I am actually in perfect agreement with the Founders of the Nation regarding all men are created equal with Natural Rights granted by the Creator and not by the nation state and government is instituted to secure them. In contrast, Bill Gates is constantly proposing arbitrary measures such as "No nonwhite henceforth shall be American" and "Zulf is not American" which is highly illegal and in United States code no American has any legitimate authority for anti-democratic proposals that they can *establish* by methods such as blockading their legitimate income and private property (such as my \$620 million) and cutting into my Deep Interior and destroying all things he can find claiming non-existent 'white rights to conquest'. Now the problem here is US Government's illegitimacy and complicity in these grave crimes against humanity that Bill Gates wants to *establish*. But regardless, the principles that he wants to establish are themselves vile, disgusting, and thoroughly criminal such as ethnic cleansing of non-whites and denying them any livelihood.

Even in Ancient Mesopotamia these principles he wants to *establish* would be considered too barbaric and savage to contemplate. But not to US Government officials who are quite fond of Bill Gates' efforts.
