

REMINDER TO PENTAGON THAT I AM AMERICAN WHOSE AMERICAN DREAM WAS ACHIEVED

ZULFIKAR MOINUDDIN AHMED

It is clear to me that Bill Gates took advantage of the fact that White Power – the power that is of white people – was not being employed in any reasonable way from the 1960s and so he gravitated towards monopolising it. The man’s cultivation in European Civilisational history or principles of American Founders is less than small baby rabbits. He was effective as a con man charlatan taking advantage of sentimental American heart to hide his malevolent and murderous heart and gain wealth and power in American Society.

Now I belong to a different story, that of immigration and embrace of a new home, of hard work and struggle and achieving of American Dream. Fate had in store for me the success of my work in Finance with D. E. Shaw & Co. trading my Medium Frequency Strategy on \$6 bn on which I am owed \$120 million, and my ideas of Global Life Satisfaction, for which I am owed \$500 from Christine Lagarde. Bill Gates immediately intervened and then I found out his White Supremacist World Order Plans with his wealthy white backers.

After a while of unfocused seeking of relentless bombing and physical obliteration of Bill Gates I graduated towards World Order Plans of my own.

Pentagon is now responsible for handling a case of my American Dream being preserved as well.

As you know this is a nation of immigrants and American Dream is quite important for America’s reputation as a good country. If my American Dream is denied, this will demoralise the entire country, and the consequences will be distrust among the population and cynicism. You can check the condition of all countries where cynicism grows among the people. They wither and die.
