

ZULF IS WAITING FOR WHAT BILL GATES HAS THAT IS SO NOT "CLAPTRAP"

Eleanor Roosevelt, the First Lady, as widow, after a passion for human rights for much of her life, leads the United Nations Commission for Human Rights and drafts with fifty six nations for a long period of revisions until everyone is satisfied and puts full backing of the United States Delegation for the 1948 UN Universal Declaration of Human Rights and fifty six nations vote unanimously to accept the provisions.

This all amounts to 'claptrap' for Bill Gates.

Oh what high standards we have, Bill Gates. So what do you have that is not claptrap and more legitimate than this? You have something to share with the world Bill Gates? Something that is more legitimate and less 'claptrap'? Your shoddy software had some secret laws for us Bill Gates that is less 'claptrap' than a legitimate postwar event that was reviewed by representatives of fifty six countries in the world?

Until you produce something that is less claptrap, be advised that if you have violated my Natural Rights you will face criminal penalties to the full extent of written legitimate law. You want to be the Tyrant of your own jungle kingdom? You should have found someone else. I will smash you to pieces for your insolence you son of a bitch.

1. BILL GATES' CLOUT WITH US GOVERNMENT OUGHT TO BE LESS THAN MINE

Given both Bill Gates and myself being respectful of United States Law, Gates' clout might be higher because he has more money and land and businesses than me. But since he cut into my eyes and violated my sacred Natural Rights and denied me my legitimate income of \$120 million from D. E. Shaw & Co. he has violated US Law and so his clout with US Government ought to be less than mine. We are a Multi-Ethnic Classical Liberal Democratic Republic, and so both he and I are private citizens. Technically I am a Permanent Resident now with valid residency and right to Naturalization till 2031. But there are not much difference from the point of view of US Government.
