

## **WORLD COURT I WANT LITIGATION AGAINST 1.4 MILLION WHITES IN AMERICAN GOVERNMENT**

ZULFIKAR MOINUDDIN AHMED

Dear World Court,

I have been American for 34 years, and have had Permanent Residency for 24 years. My details are follows. USCIS# 046-077-179, granted 09/18/97 expires 02/19/31. Name is Zulfikar Moinuddin Ahmed. Date of Birth is November 19 1973. I am currently a resident in Allen Texas.

For more than a year I have been accosted in meta power by Bill Gates who is a racial murderer who routinely kills people using meta manipulations, since 1970s.

But I want to litigate the 1.4 million White People in American Government. My contract is with the United States Government and I do not know this man Bill Gates, my assailant. I want to accuse them of criminal breach of my Permanent Residency contract as well as malevolent and intentional destruction of my natural rights and my livelihood.

My Case number with International Criminal Court is 29836347531353561 dated December 7 2021.

### **1. ROUGH IDEAS OF THE SCALE OF PROBLEM**

You see, there were no Muslim hijackers in September 11 2001. The planes were commandeered by remote control by Mossad and the Twin Towers were demolished by explosives. They were just doing a trigger for Classified War plans by White People in American Government for post-Soviet World Order. At the time, many people interested in White Ruled World Order – by rumour as I did not do a great deal of investigation. I did examine 9/11 thoroughly. So we don't know the scale of enthusiasm for White Ruled World Order among White People in American Government. It may be quite a large percentage of 1.4 million listed in Office of Personnel Management.

There are now Classified War Plans in Asia violating Article 34 in United Nations that will destroy many lives. I suspect it is not anomalous but part of the American Manifest Destiny mindset that led to Korean, Vietnam, Iraq and Afghanistan Wars, each time by deception and self-sabotage.

Beware, therefore that this is a major possible problem and take precautions. Perhaps you can add 'America-Asia' as a hotspot which seems odd until you realise the scope of the issue and prosecute with a fuller understanding of the Genocidal Mindset that led to Genocide of native Americans in the eighteenth and nineteenth century.

## 2. YOU CAN ASSESS ALL 1.5 MILLION WHITES FOR \$14 BILLION

International Criminal Court, why don't you expand to Washington and I will ask Eurasian Powers for some money for you. Set up shop in Washington and subpoena all 1.4 Million American Government white officials. Then conduct thorough interviews and take down all their life history, racial convictions, hopes for the world, views about Vietnam, Iraq, Afghanistan, attitudes toward non-white people in America, Asia, South America, and Africa. Make the data available to all universities with identities removed as well. Do a thorough job. The world is counting on you to scrub the White People in American Government clean.

Privacy of individuals can be guaranteed, but after individual identities are removed, make the datasets available on the web for academic investigation of the American Government white attitudes and geopolitical and racial *psychological profile* so the world can benefit from assessment of their threats to non-whites at home and across the globe.

Eurasian Power. Give them \$30 billion right away.

Thank you,

ZULFIKAR MOINUDDIN AHMED
