

BILL GATES DID YOUR CONFEDERATE ARMY JUST GET STUCK IN CHINA?

ZULFIKAR MOINUDDIN AHMED

Bill Gates, it looks like your entire Confederate Army is a little stuck in China, and Germany is providing them with aid and comfort and asking about their families and India might give them humanitarian aid while China bargains for whatever those Chinamen bargain for.

Anyway, the important point is this. Are you the first White Master Race General who lost the entire Army without even any fighting? I think so. I think you are the first White Master Race General to lose the entire army before any fighting began. I did I did. I did taw a puddy tat. I tot I taw a puddy tat.

1. BILL GATES DID ACCOMPLISH GREAT DESTRUCTION TO MY LIFE IN AMERICA

Bill Gates caused massive damage to my life, invaded my deep interior and destroyed everything he found in my interior and caused grave harm to my health, breathing, livelihood, American Dream. But he pushed the entire Confederate Army through my Deep Interior where China conveniently gave them some accommodation with all sorts of lollipops and Indians and Germans doing all manner of humanitarian aid and comfort. Now they are not a trained national military. They were a real army before the Civil War in America. So that's a reduction of threat of White Racial World Order.

This man, Bill Gates is malevolent, destructive and Conscience-less but he has no feel for being a great general. He's a video game general and treats men like toys. In level of General skill, he's not exactly Napoleon or Julius Caesar. He's more puddy tat.
