

**WHOSE INTEREST IS IT THAT BILL GATES BE
RELENTLESSLY BOMBED AND OBLITERATED PHYSICALLY
AND KILLED**

ZULFIKAR MOINUDDIN AHMED

The criminal malevolent worthless cunt, the insignificant amoeba, and the miserable wretch stands between me and my legitimate income of \$120 million from D. E. Shaw & Co. He also was stupid enough to cut my eyes and harm my interior and thereby forfeit his right to live by United States fundamental tenets and laws. So obviously I would like him totally wiped out of existence because than my life becomes better, I get my money, have my own pad in San Francisco, invite my sweetheart Darina from Russia to live with me and marry her, have children, and all of life will be happier and better for me as I continue on to raise Life Satisfaction for my Beloved People the Human Race.

It goes without saying that it is in my interest to off Bill Gates, to massacre and kill him, and to erase him from history altogether.

Now the question is who are my allies of convenience? Well Bill Gates says "Natural Rights are claptrap" so he is the natural enemy of the American Republic, a Multi-Ethnic Classical Liberal Democratic Republic whose fundamental foundations say that governments exist to secure Natural Rights. So that's one. Then he is extremely racist and is planning a re-enslavement of black people and re-colonisation of non-European people. So that's quite a few people here already. So it's in the interest of around 90% of the human race definitely to wipe him out of existence and massacre him and erase him from history.

Who else? All the European nations hate far right racial guys, so at least the European governments will have interest in the same thing.

Finally, he is a malevolent evil cunt, so most American white people who are Christians will find it in the interests of their eternal souls to burn him at the stake.

It looks like I am in pretty good company over here regarding Bill Gates. I am pleased. Now US Generals, play the blues. Don't embarrass yourselves. Wipe out Bill Gates with relentless heavy bombing and obliterate his physical body.
