

EXAMPLE OF USING BILL GATES TO TRANSFORM AMERICAN CULTURE

Let's consider my letter of July 23 2021. Then I will say some words to explain the political aims that are achieved by the letter.

1. LETTER TO BILL GATES JULY 23 2021

BILL GATES YOU LOWLIFE HICK PROVINCIAL IGNORANT FUCK YOU
KNOW NOTHING ABOUT US CITIZENSHIP STUPID FUCK

Bill Gates, You lowlife hick provincial ignorant fuck you know nothing whatever about US Citizenship. US Citizenship and Immigration Service says:

"Federal oversight of immigration began in 1891, when Congress created the first Office of Immigration in the Treasury Department. As immigration grew over the following decades, so did the duties of federal immigration employees. By 1906, lawmakers voted to reform the nation's pathway to citizenship, and the Bureau of Immigration added oversight of naturalization to its responsibilities. The next major transformation came during the Great Depression in 1933, when the president ordered the consolidation of federal immigration and naturalization functions into the Immigration and Naturalization Service (INS). INS oversaw the immigration process, enforcement, and border patrol activities for seventy years until Congress passed the Homeland Security Act of 2002 (Pub. L. No. 107-296, 116 Stat. 2135).

On March 1, 2003, U.S. Citizenship and Immigration Services (USCIS) assumed responsibility for the immigration service functions of the federal government. USCIS was founded to enhance the security and efficiency of national immigration services by focusing exclusively on the administration of benefit applications. The Homeland Security Act created Immigration and Customs Enforcement (ICE) and Customs and Border Protection (CBP) to oversee immigration enforcement and border security."

USCIS has just given an extension of US Immigrant status to 2031. Let us examine the ID card carefully.

As you can see, I have been an American IMMIGRANT since 1997 in the official record. I have been dealing with Immigration services for much longer than 25 years you stupid retarded braindead mother fucker. I know a HELL OF A LOT MORE about US Citizenship than you do. You can take your "I consider only Whites Americans" to your grave little low life stupid idiotic ignorant mother fucker. No one gives a rat's ass what you consider to be American. You used US War meta against me, an AMERICAN, mother fucker and you will be smashed to pieces for this insolence. Fucking podunk hick provincial mother fucker with a big head. US Citizenship and Immigration is far beyond your puny intellectual capacities little high school graduate. US Citizenship is a complex process with a huge history. Do you think a Seattle boy who randomly decided he will not consider blah blah

American has any credibility in the world? You're more idiotic than the most retarded Special Olympics guy in the universe. Stupid retarded braindead mother fucker.

Thanks, ZULFIKAR MOINUDDIN AHMED

2. ANALYSIS

First of all the New York street cursing language is vibrant and while not scholarly is quite effective in immediately reaching various psychological triggers of most people since this is the language of street fights in New York and intimately familiar to most Americans and most people around the world. The ambience is a straightforward street fight with one man offering mastery versus another who is shown to be a totally inadequate. If you are unfamiliar with New York street fight language, then you are simply deficient in modern world culture. It is efficient and effective when used appropriately.

Now let us take a step back from this. The issue here is of course that although addressed to an undeserving man Bill Gates the *general issue* of American opinions from white nativists are addressed. I can now disseminate this letter to all 320 million Americans and transform the political debates of great controversy regarding Citizenship. There are some white Americans who have similar hick provincial views regarding US Citizenship as Bill Gates. They will have to face this communication. Now they might get offended by my language but I can simply say "Who the fuck are you? My letter was to this malevolent obnoxious ignorant fuck Bill Gates." This then becomes a weapon that both puts a fire on the political debate about American-ness and totally negates any advantages to white people who feel particularly entitled to feel *more American* than immigrants like me. Most white Americans are not as criminal and malevolent as Bill Gates so this pours gasoline in just the right way into the debate, and I walk away totally immune to their reactions because I addressed only Bill Gates and do not know them from a can of tomato soup. Tada. Beautiful political coup of a deeply divisive issue in America done like a master, a grandmaster even.

3. HOW I INFERRED THAT BILL GATES WAS AN IDIOT REGARDING AMERICAN CITIZENSHIP

Bill Gates assumes that all non-whites in America are H1-B because he had some foreign coders at some point in Microsoft. My immigration history is complicated but I moved to America in 1987 and attended high school in John Adams High School in New York. So I have had 33 years of life in America, with all loves and losses, ups and downs, joys and sadness in America with Americans. So of course I will get incensed about a know-nothing hick kid from Seattle daring to talk about my American-ness. How American are you son of a bitch? You are no American little stupid low life piece of shit. You dare talk about my American-ness little snot-nosed little shit? I'll show you American you pathetic little miserable wretch.

Just beautiful. I love the New York way of making your poing very clear.
