

**I KNOW INFINITELY MORE ABOUT ENGLISH HISTORY,  
CULTURE AND CIVILISATION THAN BILL GATES AND AM  
MUCH MORE KNIGHTLY THAN HIM**

ZULFIKAR MOINUDDIN AHMED

Do you really think that an illiterate hick charlatan from peasant stock like Bill Gates is actually more English in his actual values than me? I know infinitely more about English History, Civilisation, and Culture than someone like him can in a million years. Does he know that it was Richard the Lionheart's (1157-1199) mother Eleanor de Aquitaine who was influenced by Avicenna's theory of Romantic Love and brought from Aquitaine the troubadour's rendition of Courtly Love to England? He is a boor, a knave, a rascal, and an ignoble lowly man. He does not even have noble blood like I do. Has he written about Milton's *Paradise Lost* in his university courses as I have? Why would he have? He has no cultivation at all.

Did he study carefully the ideas of John Maynard Keynes about central banking to stabilise the capitalist economies? No, he thinks Finance is parasitic.

Was he an ardent devotee of Percy Bysshe Shelley since his boyhood? I did not think so. He has no cultivation at all, English or any other. He is not Noble in his heart. He has no Virtues at all. He is a symphony of vices. Those are not admirable among English Civilised people, are they?

His taste is gaudy and ostentatious. He has acquired some wealth by selling third rate software products, by murder and criminality. He is far less English than I am. I am not ethnically English, but I am far more Victorian in my habits and thought than most English people today because that is the influence of England in Bengal. He is ethnically English-Scottish, but devoid of any Englishness in his soul.

**1. IN SOME SENSE MY FAITH COULD NOT BE ARTICULATED WITHOUT  
ENGLISH ROMANTICS**

I believe that for billions of years I have been an Archangel, and was born in 1973, and when I shall shuffle off this mortal coil, shall be again an Archangel. For me this faith is strong, and I am zealous in my faith. In some sense this faith could not be articulated at all without Shelley, without Eliot, without Shakespeare. How will you compete with me in Englishness Bill Gates? Do you really think that calling yourself a "warrior" when you react to a countryman who benefitted your coffers by using US War meta to violate Geneva Conventions and using black magic and starving him of sustenance with a determined project to kill him is English? Do you think your war-cry of "Whites are Superior" is English? Do you know a goddam thing about England and its values and Culture Bill Gates?

## 2. I HAVE LIVED THE WASTE LAND

I have literally lived every part of *The Waste Land* right here in America. I know it so deeply that I consider it part of the constitution of my own heart.

Ganga was sunken, and the limp leaves  
 Waited for rain, while the black clouds  
 Gathered far distant, over Himavant.  
 The jungle crouched, humped in silence.  
 Then spoke the thunder  
 DA  
 Datta: what have we given?  
 My friend, blood shaking my heart  
 The awful daring of a moment's surrender  
 Which an age of prudence can never retract  
 By this, and this only, we have existed  
 Which is not to be found in our obituaries  
 Or in memories draped by the beneficent spider  
 Or under seals broken by the lean solicitor  
 In our empty rooms

I walked out of my loft in Williamsburg with a small bag with a few books in 2008 summer and I know this part of the poem in ways that you, Bill Gates, cannot fathom at all. This is part of English heart and soul. You do not know English Soul as I do. You are not capable of it. You gravitated towards entirely different world than England ever did.

## 3. LOOK BILL GATES THIS IS WHAT YOU DESERVE

I have quantitative results that White Moral Values are no different than all other ethnicities by more than 6.5-9.5%. We don't really give a damn whether you're English or Finglish or Russian or Prussian or Burmese or Bhutanese. We want to beat the living daylights out of you, break all your bones, smash your skull, pour gasoline on your remains and set it on fire. That's because you are evil beyond all limits and deserve that. And we'll invite all American English-Ethnics to cheer us.
