

## FINE ZULF WILL GO THROUGH THE ISSUES OF LADIES OF AMERICAN GOVERNMENT

ZULFIKAR MOINUDDIN AHMED

I said that well I am 49 so obviously I will lead the relationship. I am not stupid, crazy or suicidal, and will not leave my precious life to a 25 year old woman because that would be a horribly bad decision.

Then you say well many 25 year old women are not enthusiastic about being with a domineering 49 year old man. I lead, I don't dominate. Domination is for uncultivated brutes. But more importantly what does that have to do with anything? If a 25 year old woman does not want to be with me then she's totally worthless to me as a mate. What do I care what many 25 year olds want? I only care about what 25 year olds that want to be with me want.

Well inequality is part of all relationship. Otherwise we'd marry our mirrors. Autonomy is important in solid relationships, but men have to build the home, not women. Women settle into it but men build homes and that's not really part of the show in the modern west and that's bad. See, to me it was always clear that when the man does not build the home, that home is not going far. It's funny that in the West some women are "home-makers". That's bad. *Men* are home-makers and women are perhaps the mistress of the homes but they are not the best home-makers. They need a good home where they can actually be happy and manage to take care of children and so on.

### 1. I AM THE GREAT IMMORTAL GENIUS AND BILL GATES IS THE PUNY AMOEBIA

Bill Gates is repetitive so I will keep repeating for the world's public that I am the Great Immortal Genius and Bill Gates is the puny Amoeba.
