

**REQUEST FOR PUBLIC AND HONEST CHARACTER
EVALUATION OF BILL GATES BY SIR SIMON DONALDSON
AND ENGLISH KNIGHTHOOD**

ZULFIKAR MOINUDDIN AHMED

Dear Sir Donaldson,

Your mathematical genius is spectacular and inspiring, and there are few geometers and topologists with a finer aesthetic sense and analytic feeling than yourself. I am quite familiar with some of your beautiful mathematical works.

This note is for a different aspect of your life. You are an English Knight. And I have a great deal of admiration for the English Knighthood in the early medieval period but do not know much about it today.

Could I please request a thorough assessment and analysis for public consumption by the English Knighthood of Bill Gates the Microsoft Founder.

My prejudices about him are well known. I won't repeat them. A totally independent assessment of Bill Gates Character by English Knights would be a great service to the world. I would prefer this be accomplished as soon as possible. The world will benefit.

Thank you, ZULFIKAR MOINUDDIN AHMED
