

## DIRECT STRAIGHTFORWARD WARNING TO WHITE PEOPLE IN AMERICAN GOVERNMENT

ZULFIKAR MOINUDDIN AHMED

You better put Bill Gates in a cage. He is not capable of ruling a small pond of tadpoles. He has savaged my life and career and obstructed my legitimate earning. I am resilient and survived harm that would have killed any Bengali man on November 4 2020. If White People in American Government does not put him in a cage or kill him, I guarantee with hundred percent certainty that Asia will nuke Washington DC without hesitation. He is a savage evil monstrous beast. He would not even be considered more civilised than a hyena. If he harms another Asian, you can kiss Washington goodbye. People around the world are not as tolerant as me about America. They will nuke Washington for very good reasons. Why did you loosen this savage predatory evil beast upon the non-white Americans exactly?

Look White People in American Government, Bill Gates started off using US War power to harm my body meta, which violates Geneva Conventions against *Prisoners of War*. Do you have any idea what that even means? Asia ought to nuke Washington and deal with the consequences if you keep a threat like that around. Defeated military opponents do not face the horrible things Bill Gates did to an Asian-American. Why should they not nuke Washington right now to prevent this from spreading?
