

ZULF'S LETTER TO ASIA DECEMBER 18 2021 TO ELIMINATE BILL GATES

ZULFIKAR MOINUDDIN AHMED

Dear Asia,

You have given me my ancestry of thousand years and my early life, and I am eternally grateful for this. I have given you a unity, a simple flag. Here is the flag I made for you.

I have asked all your nations to pledge to each other that in no time in the future will you ever take military action against each other. I have asked you to pool all your defense resources for collective defense of all of Asia. I hope that you will respect my hopes here.

You know well that the entire human race, and 4.5 billion Asians are my beloved people, and that I have great love for the human race.

I am no longer Asian, but American. This was a matter of fate. I do need a small favour from you, and I wish that you will consider this with alacrity. My physical body is unable to sustain the enormous destructive powers used by this malevolent evil Demon, this Bill Gates. I am diabetic, unable to gain access to my own legitimate earnings from David E. Shaw and Christine Lagarde, altogether \$620 million, for great work in Finance and for plans for some companies and new developments in the global economy. The details do not matter.

Could you please plan and execute the following conditions:

Date: December 18, 2021.

(a) I want his total history to be totally destroyed. All parts of his personal and professional life are fake. He is a con man and a charlatan who pretended to have all manner of genius that he does not possess.

(b) Physically destroy him and kill him.

(c) Erase all traces of his existence from the annals of history.

I would be grateful if you would be kind enough to find a legitimate way to accomplish these simple requests.

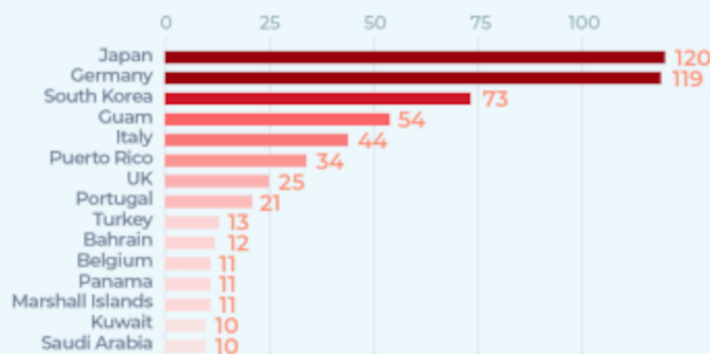

1. AMERICAN MILITARY BASES

I would like to see a Defensive Perimeter around all of Asia that prevents United States Military from threatening any part of Asia again. As you can see, South Korea and Japan is harbouring a lot of threat to Asia, and Turkey, Saudi Arabia and other parts of West Asia as you can see from the troop levels. I don't want all this. I want natural rights of 4.5 billion Asians secured.

Can you ask that United States Military require all those in service be instructed about international law regarding universal human rights. These people are quite murderous and don't know anything but barbaric code. There is an Asian Genocide plan that has been brewing since 1945. Eurasian Defense ought to include England, Germany, and France. The major threats facing Asia going forward are all from United States, make no mistake about it. It is obvious to me that United States does not intend to have any interest in securing natural rights, of Life, Liberty, and pursuit of Happiness of all Asians. This is crucial.

I don't want any disunity in Asia at all. China must not be isolated by United States. Clearly Japanese and South Korean bases will be the theater of wars in Asia. Totally snuff out United States Military power in Asia. I believe that you will benefit.

In order to make this point poignant, let me find some lurid and horrific events from Vietnam War that will give people motivation to do as I tell you.

2. ACCOUNTS

The My Lai massacre was the mass murder of 347 to 504 unarmed citizens in South Vietnam, almost entirely civilians, most of them women and children, conducted by U.S. soldiers from the Company C of the 1st Battalion, 20th Infantry Regiment, 11th Brigade of the 23rd (American) Infantry Division, on 16 March 1968. Some of the victims were raped, beaten, tortured, or maimed, and some of the bodies were found mutilated. The massacre took place in the hamlets of My Lai and My Khe of Son My village during the Vietnam War. Of the 26 U.S. soldiers initially charged with criminal offenses or war crimes for actions at My Lai, only William Calley was convicted. Initially sentenced to life in prison, Calley had his sentence reduced to ten years, then was released after only three and a half years under house arrest. The incident prompted widespread outrage around the world, and reduced U.S. domestic support for the Vietnam War. Three American Servicemen (Hugh Thompson, Jr., Glenn Andreotta, and Lawrence Colburn), who made an effort to halt the massacre and protect the wounded, were sharply criticized by U.S. Congressmen, and received hate mail, death threats, and mutilated animals on their doorsteps. Thirty years after the event their efforts were honored.

You have to understand that it is never isolated these things. That's part of the Manifest Destiny Asia. And this will be the fate of all Asians if you do not do as I say.

3. NEW ASIAN ORGANISATION RECOMMENDATION

Asians should be aware of details of all American atrocity and war crimes in Asia from the Second World War, with exquisite details. I want you to create a special Museum for this with new design and detailed historical records. Asia is geographically spread out, so ensure that all records are available on the internet without charge to all people of the world. Do not skip a single dead person, a single atrocity, consolidate every available photograph. Asians ought to be aware of the ways in American Military slaughter men women and children with raping and burning.

Sincerely,

Zulfiakar Moinuddin Ahmed
