

**ZULF WILL FORMALLY SEEK A THOROUGH RECKONING OF  
ALL BILL GATES' CRIMES AGAINST MY PERSON AND MY  
INTERESTS**

ZULFIKAR MOINUDDIN AHMED

I am American, with Permanent Residency since 1997. Bill Gates has caused extreme and massive harm and injury to my (a) body, (b) mind, (c) career and life, (d) sexual and romantic life, and others.

Harvard Medical College, could you please consider every minute harm that Bill Gates is responsible for towards my body, my mind, and other interests? I would like a public reckoning of all of this and the representatives of American people will have to consider the exact punishments for his great and malevolent crimes.

I don't like these sorts of things go on forever. If he has to face violent, cruel and unusual death let that be a matter of extremely public affair. There is nothing to be gained by private intrigues on matters of fundamental principles of the American Government.
