

**ZULF WANTS THOROUGH CLEAN RECORDING OF ALL BILL  
GATES CRIMES AGAINST MY NATURAL RIGHTS AND  
PRECISE PUNISHMENTS AGAINST HIM FOR EACH**

ZULFIKAR MOINUDDIN AHMED

Bill Gates is a horrific criminal who had done more crimes against me than will fit in a five volume tome of crimes.

I want United States Government to carefully and thoroughly consider all the nuances of Bill Gates crimes against my Body, Soul etc.

For example, Bill Gates took initiative to invade my sexual and romantic meta without any permission. These are grave infractions against my interests and they have to be recorded and Bill Gates has to face *grave punishment* from the US Government. These grave violations are strongly against all civilised norms and American Civilisation will be *dead in the water* if the horrific crimes of the type Bill Gates committed are unpunished and unrecorded and glossed over.

Bill Gates is an evil primitive beastly criminal and every one of his grave disgusting invasions into my private sacred space must be punished by just equivalent.

Justice must be served in the United States of America. We are a civilised Multi-Ethnic Classical Liberal Democratic Republic. We are not the Jungle of Billgatesia where the white tribe rules with all manner of sexual extravaganza and where the white men have the right to rape and plunder. Those things Bill Gates can do in some other country. This is America! In America, we respect Natural Rights and we punish all crimes in their just and equitable amounts. That is why Lady Justice holds a balance and a sword.
