

ON MORAL CONVICTIONS AND MORAL DECISIONS

ZULFIKAR MOINUDDIN AHMED

For who would bear the whips and
scorns of time, Th'oppressor's
wrong, the proud man's contumely,
The pangs of dispriz'd love, the
law's delay, The insolence of office,
and the spurns That patient merit
of th'unworthy takes, When he
himself might his quietus make
With a bare bodkin? Who would
fardels bear, To grunt and sweat
under a weary life, But that the
dread of something after death,
The undiscover'd country, from
whose bourn No traveller returns,
puzzles the will, And makes us
rather bear those ills we have Than
fly to others that we know not of?
Thus conscience doth make
cowards of us all, And thus the
native hue of resolution Is sicklied
o'er with the pale cast of thought,
And enterprises of great pith and
moment With this regard their
currents turn awry And lose the
name of action.

Shakespeare, *Hamlet*

Bill Gates uses vile black magic and cut into my deep interior and did unspeakable harm with enormous power. And US Government did not intervene to stop him and fulfill its purpose explicitly written in US Declaration Preamble, to secure American People's Natural Rights. He has white racial plans for the world. He tortured me every night damaging my sleep every night for an entire year. I chose to make a World Order play threatening to Abolish the US Government and ending US Global Military Hegemony unless the US Government is able to bring Bill Gates to justice, and put him to death.

I want a Natural Rights Security World Order. The idea was instantly clear to me in 2008, but I had to table my idea of creating a Global Republic of Humanity abolishing all Nations. That idea was not popular enough. My Beloved People do need Natural Rights Security everywhere on Earth. I might die from the harm caused me by the malevolent Evil Sorcerer Bill Gates. So I want to prepare for my parting gift to Human Race, Natural Rights Security World Order.

Date: October 8, 2021.

Now how did I make this decision? Well Natural Rights Security is important for 78% of the Human Race. But I decided to leverage a criminal who is hard to kill for US Government to force the World Order Change based on principle. I am bolder than anyone who has the ear of UN Security Council because my Life is threatened, and when one's Life is threatened, one is easily filled with courage. And so this will happen, in the end.

Natural Rights World Order will be Zulfikar Moinuddin Ahmed's gift to my Beloved People the Human Race. This is a reasonable gift. I had some other goodies, but alas my energy is not infinite. After Earth there will be a long journey across the intergalactic space, mostly peaceful, and then another life begins in another world, another Civilisation, and I will open my eyes to a new family, and will not remember Earth so well. Shakespeare's Hamlet is not exactly in accordance with my faith.

I have been an Archangel for billions of years in the past, and in one Angelic World died to Demons exploding a star. I will be an Archangel for another billion years. This world is not the first of my long life, and will not be the last. I don't fret too much about what I could have done more for the Human Race. I have given Human Race the correct laws of Nature in Four-Sphere Theory. I have shown Universal Human Moral Nature that is ethnicity independent. I have shown Human Race the truth of Virtue-Eudaimonia. I have given Human Race the Plans for Global Life Satisfaction and Global Individual Debt projects. Some of these I will push as I am able, and the rest you have to do yourself. I am pleased with what I have done for the Human Race. I won't look back in my life on Earth without some pride. What more can an Archangel do here?
