

**HUMAN RIGHTS WATCH FINDS THAT UNITED STATES
GOVERNMENT AND BILL GATES COLLUDED TO DESTROY
ME IN VILE BREACH OF MY PERMANENT RESIDENCY**

ZULFIKAR MOINUDDIN AHMED

Today, Human Rights Watch discovered that United States Government and Bill Gates colluded to destroy me in a vile breach of my Permanent Residency papers which expires in 2031. I will certainly seek *vendetta* against United States Government and Bill Gates for this insolence. I will erase the United States Government from existence for this insolence. I don't like it when I sign large number of contracts with an organisation whose charter mandates securing my natural rights but they instead collude with racial murderers to destroy me.

Erase the United States Government from existence. Abolish them. They are incapable of securing natural rights of 330 million Americans.
