

UNITED NATIONS SECURITY COUNCIL MAKE A RESOLUTION AGAINST DRONE USE

ZULFIKAR MOINUDDIN AHMED

UN Security Council, do the following resolution. Unless white people in the American Government stop drone use anywhere on Earth, United Nations will declare all American Whites as 'enemy combatants' in a 'shadow war' and kill all of them by drones and other sorts of tricks. They literally killed

$$N(\mu = 11200, \sigma = 223)$$

people randomly. They are certainly terrorists.

1. UN DEFINITION OF TERRORISM

Criminal acts intended or calculated to provoke a state of terror in the general public, a group of persons or particular persons for political purposes are in any circumstance unjustifiable, whatever the considerations of a political, philosophical, ideological, racial, ethnic, religious or any other nature that may be invoked to justify them [?].

This is simple. I claim that drone strikes with

$$N(\mu = 11200, \sigma = 223)$$

fatalities are criminal acts intended or calculated to provoke a state of terror in the general public, a group of persons or particular persons. The general public, group of persons or particular persons in this case are 4.5 billion Asian people. No one in Asia gives a damn really what White People in America call 'enemy combatants' at all. They are in their countries. Why did we, America, use a fake sabotage during September 11 2001, to produce "political purposes are in any circumstance unjustifiable, whatever the considerations of a political, philosophical, ideological, racial, ethnic, religious or any other nature that may be invoked to justify them"? We produced all sorts of ideas about war on terrorism, without any actual acts to trigger them except calculated Israeli sabotage of Twin Towers.
