

WHITE PEOPLE IN US GOVT SPARE ME YOUR WARNING TO BILL GATES

Bill Gates has been cutting up my eyes and harming me for more than a year now ok? So why don't you either totally wipe him out and kill him or just keep the fuck quiet? What is this "Next time you do it we will slap you on the wrist" routine. Thats like pouring salt and vinegar in my wounds. I am badly hurt and my health has degenerated badly by deliberate malevolent project of Bill Gates to harm me. He should have been killed years before I found out that he is one of the worst criminal evil malevolent white supremacist racist cunts in the world.

Shut the fuck up with this "next time" routine. Either wipe him out and obliterate his body and kill him or *shut the fuck up*. You are just pathetically disgusting, and your morals are worse than an ordinary garden variety filthy rat ok?

level of fame. Cultural analysts and historians will say "Well Zulf sent out this poster on July 14 2021 and some White People in US Government were aware of this poster so they knew that White Pride might be threatened if Bill Gates were not killed by US Government." Now consider two cases:

- Zulf dies from health complications by Bill Gates cutting into Zulf's eyes and cutting through Zulf's blood meta with all sorts of abominable evil cuts and destruction
- Bill Gates is killed by US Government officials White and Nonwhite
